I strive for my work to embrace the calm, quiet, simple aspects of nature. Be that through an image of a bird perched on a wire or a view of a landscape with a large open sky, I love capturing these moments on canvas. It is important to me that my art gives the viewer a sense of peace and evokes feelings of freedom while celebrating the beauty of the world around us.

My enamel paintings are inspired by the complexity of the world and its rustic nature. The windswept paintings of J.M.W. Turner are phenomenal and drive my painting aesthetic along with my deep interest in classical music and opera. As an enamelist I explore the unexpected, serendipitous nature of liquified, powdered glass as it first melts and then crystallizes into deeply expressive representations over copper.

Equine assisted therapies for children and adults with disabilities

Wellesley

<https://www.greatandsmallride.org/>

sphelps@greatandsmallride.org

Great and Small provides adaptive riding lessons, equine-assisted psychotherapy and other equine-assisted services to children and adults with a wide range of physical, emotional and developmental disabilities. We also provide a loving home to suitable horses whose futures may be uncertain due to age or infirmity. Through the magic of working with horses, our students gain in strength, balance, social skills, calm and self-confidence, skills that stay with them long after they've left the barn. In order to make our programs affordable for as many families as possible, we charge approximately 35% of what it costs to provide this service, and rely on our generous community partners who believe in this work to make up the rest.

Handmade

Jenn Scott

Heart of Pom

Heart of Pom makes handmade and custom-made Pom Pom wreaths, garlands, ornaments and earrings.

Smith

[Click for website](#)

Jenns.redpen@gmail.com

I make each Pom Pom individually by hand. The average wreath has upwards of 80 Pom Poms and each one is hand-tied to the wreath. A typical wreath takes me over 25 hours to complete. Many of my designs are inspired by nature - moss, flowers, stones, mushrooms and even space. I have also made sparkly wreaths, Taylor Swift inspired wreaths, sports-ball wreaths and college wreaths. My work tends toward an "organic" Pom Pom arrangement but I am happy to produce a symmetrical design for custom orders. I always have work ready to sell and also love working on custom orders. Please drop me an email or text and we can discuss your vision and ideas for a piece.

Pom Pom earrings range from about 1 inch to 3 inches. I can make them in any color yarn and they can also be multicolored.

Prices based on size of the wreath form (actual wreaths will be bigger as Pom Poms puff out around the edges) are:

-Wreaths: plus shipping

12" -14" round: \$130; 12" flat round: \$85; 15"-18" round: \$150; 16" basket style: \$85; 8" round: \$60; 11" heart: \$75

-Pom Pom Earrings (reach out for more details and wire types)

\$22 plus shipping

-Garlands:

\$45 (plus shipping) for a custom made 6 foot long garland with space between each Pom Pom.

Earrings as seen on Smithies at Reunion
