BCN Truck Auto Body & Paint has proudly served the commercial trucking and utility industries for over 34 years.

We've built our business the old-fashioned way: through quality work, trust and long-standing relationships with some of the largest names in the industry. While we may not be the flashiest presence on social media, our reputation has been earned through decades of reliability and results.

As we continue to grow, we're excited to share our services with more commercial customers. We believe the strongest partnerships are built in person. Whether on the job site, on the golf course, or over a shared meal, that's where trust is formed. True success comes from understanding one another's goals and growing together.

LET'S GET YOU TAKEN CARE OF.
