Trifecta: Glass - Art - Lounge is excited to announce our Spring, quarterly exhibition  
“Spring Fling ”  
Featuring the works of Miami based glass artist Rob Stern.

Spring is in the air and we’re excited to highlight its beauty with selected works by artist Rob Stern. Over his 25 year career in glass, Rob Stern studied extensively and has worked with the most accomplished glass artists and masters throughout the world. His work has been installed, exhibited, and collected in Europe, Asia and United States. He also was a recent contestant on the Netflix “Blown Away” Series during season 3. Stern believes his creative endeavors are stepping stones that further his understanding of life. The correlation between what he senses and does guides his process and daily life decisions. Join us for the reception April 18th and take in the Spring time beauty featured in this incredible curation. Rob will be in attendance for the opening and giving live glassblowing demonstrations in the Trifecta studio.

April 18th join us for an evening of live  
glassblowing, beautiful art viewing and  
craft cocktail sipping.
