

HOPE_{ww} distribution of water filters in Papua New Guinea

At HOPE *worldwide*, our response to the global suffering and despair produced by poverty is simple: to uplift lives and empower communities through vital, life-changing programs. **With your help, we tackle some of the world's most pressing challenges by providing:**

Food Security

We distribute meals and support sustainable agriculture, feeding families and fighting hunger.

Clean Water Access

We give access to safe, clean water by providing water filters to help prevent waterborne illnesses in communities around the world.

Health and Wellness

From mobile clinics to mental health support, we provide vital medicine and quality medical care.

Disaster Relief

When hurricanes, earthquakes, or other crises disrupt lives, we respond swiftly with shelter, supplies, and hope.

Early Learning

We build brighter futures by providing books, school supplies, adequate nutrition, and safe learning environments for vulnerable children.

Economic Empowerment

Through job skills training and micro-funding, we help impoverished individuals become self-sufficient and resilient.

Who is HOPE *worldwide*?

Where poverty produces suffering and despair, HOPE *worldwide* inspires greater hope with compassion and tangible resources for people in need. On average, HOPE *worldwide* serves over 1 million people annually in more than 60 countries.

For over 30 years, we've partnered with individuals, churches, corporations and government agencies to advance our charitable mission and create lasting impact in communities worldwide.

**Together
we inspire
greater hope.**

Inspired by our faith, we work together with people from all backgrounds, religions, nationalities, and affiliations. We are dedicated to serving, teaching, healing and empowering communities made vulnerable due to poverty, disease or disasters. We invite you to help advance this compassionate mission.

Thank you for your love and support.
