

## KEY BENEFITS

- **Micro footprint:** 5" length and 1.295" OD for minimal overhang and exceptional maneuverability.
- **Full-auto ready:** Built from Inconel 718 and rated for full-automatic cycling.
- **Hearing-safe performance:** Designed to bring sound down near or below hearing-safe thresholds on appropriate hosts.
- **Field-serviceable:** Removable end cap allows quick in-field replacement after a strike — no ship-back required.
- **Durable finish:** Cerakote C-Series (Black) for corrosion resistance and lasting wear.

## TECHNICAL SPECIFICATIONS

- **Full-Auto Rated:** Yes (Inconel 718)
- **Length:** 5.0 in
- **Outer Diameter (OD):** 1.295 in
- **Weight:** 6.8 oz
- **Materials:** Inconel 718
- **Coating:** Cerakote C-Series (Black)
- **Mount / Thread:** Direct-thread, 1/2"-28

Supported Calibers: 5.56, .223, .223 Wylde, 22LR, .22 WMR, .17 HMR
