
KEY BENEFITS

- **Purpose-built for legends:** Optimized for lever guns and straight-walled big bore cartridges.
 - **Thread options:** Direct-thread available in **5/8"-24** or **11/16"-24** to accommodate common lever-gun muzzle threads.
 - **Field-serviceable:** Removable end cap for quick in-field replacement after an impact.
 - **Durable materials:** Inconel 718 for heavy use duty; Titanium option for weight reduction and better handling.
 - **Cleaner shooting:** Patented internal flow geometry reduces face-facing gases and muzzle concussion.
 - **Finish:** Cerakote C-Series (Black) for corrosion resistance and long life.
-

TECHNICAL SPECIFICATIONS

- **Full-Auto Rating:** Inconel 718 — **Yes**; Titanium — **No**
- **Length (can w/o direct-thread hub):** **7.924 in**
- **Outer Diameter (OD):** **1.706 in**
- **Weight (can w/o direct-thread hub):** **Inconel: 17.6 oz· Titanium: 9.5 oz**

- **Materials:** Inconel 718 (standard) or Grade-5 Titanium (Ti-6Al-4V)
- **Coating Options:** Cerakote C Series (Black)
- **Mount / Thread:** Direct-thread available in **5/8"-24** or **11/16"-24**
- **Field-serviceable end cap:** Yes — removable and user-replaceable
