

KEY BENEFITS

- **Lightweight handling:** Titanium construction keeps weight low for carry and quick follow-ups.
 - **Built-in hardware:** Includes piston, spring, and sleeve — no extra purchases required.
 - **Field-serviceable:** Removable end cap for fast in-field replacement after impact.
 - **Pleasing tonal signature:** Tuned geometry reduces dB and yields a smooth, natural tone.
 - **Optimized dimensions:** 1.45" OD balances performance and compactness for pistols and PCCs.
 - **Durable finish:** C-Series Cerakote for corrosion resistance and wear protection.
-

TECHNICAL SPECIFICATIONS

- **Material:** Grade-5 Titanium (Ti-6Al-4V)
- **Full-Auto Rating:** Titanium — No
- **Length (can w/o direct-thread hub):** 7.375 in
- **Overall length (can w/ direct-thread hub):** 7.625 in
- **Outer Diameter (OD):** 1.45 in
- **Weight (can w/o direct-thread hub):** 7.27oz
- **Coating Options:** C-Series Cerakote (Black)
- **Included hardware:** Piston, spring, sleeve (included — no separate purchase required)
- **Field-serviceable endcap:** Yes — removable and user-replaceable

Supported Calibers: 9mm, 9mm +P
