

KEY BENEFITS

- **Versatile performance:** Tuned for .30-cal AR platforms and magnum cartridges — a true all-rounder.
 - **Modular mounting:** Ships with 5/8"-24 direct-thread HUB; removable to accept 1.375"-24 Universal HUB for broad muzzle-device compatibility.
 - **Magnum-capable construction:** Inconel 718 for full-auto and magnum durability; Titanium offered where weight matters.
 - **Field-serviceable:** Removable end cap for quick in-field swaps after impact.
 - **Cleaner shooting:** Patented internal flow geometry reduces back-pressure and shooter-facing gases for better comfort and follow-up shots.
 - **Durable finish:** Cerakote C-Series (Black) option for corrosion resistance.
-
