

## KEY BENEFITS

- **Featherweight handling:** Titanium construction keeps carry weight low for duty, competition, or everyday carry.
  - **Built-in hardware:** Includes piston, spring, and sleeve — no extra purchases required.
  - **Pleasing tone:** Tuned geometry delivers meaningful dB reduction with a smooth, natural tonal signature.
  - **Field-serviceable:** Removable end cap for fast in-field replacement after impact.
  - **Compact dimensions:** 1.45" OD balances performance and concealability for pistols and PCCs.
  - **Durable finish:** C-Series Cerakote for corrosion resistance and lasting wear.
- 

## TECHNICAL SPECIFICATIONS

- **Material:** Grade-5 Titanium (Ti-6Al-4V)
- **Full-Auto Rating:** Titanium — **No**
- **Length (can w/o direct-thread hub):** 7.375 in
- **Overall length (can w/ direct-thread hub):** 7.625 in
- **Outer Diameter (OD):** 1.45 in
- **Weight (can w/o direct-thread hub):** 7.05oz
- **Coating Options:** C-Series Cerakote(Black)
- **Included hardware:** Piston, spring, sleeve (included)
- **Field-serviceable end cap:** Yes — removable and user-replaceable
