## Why SMZBC Members' Financial Commitment Matters

For 2026, prayerfully consider what you will give. We understand that financial situations vary. Ideally, we want members to make a commitment *equal to at least 10%* of your income. If you are not in the position to do so right now, we encourage you to give consistently until you reach that mark.

## Prayerfully Consider Your Financial Commitment

SMZBC uses Pledge Cards to track members' financial commitments. Once you have arrived at the amount of your weekly commitment, please complete and sign a 2026 Pledge Card. We are asking you to inform us of your anticipated weekly or monthly gifts but also let us know what you plan to give for our church's special days. Commitment Forms (AKA Pledge Cards) should be turned in by January 31st.

## Where Does the Money Come From and What Can I Do to Help?

We approved the 2026 budget and will need everybody committed to giving so that we can do what God has called us to do for ministry, maintain our property, and retain our personnel. Here's where you come in:
