

# Netarts News

## APOLOGIES

On behalf of the CAC Board, I would like to apologize for the frustrating technical difficulties encountered with our March guest speaker, Lise Zimmerman and her interesting presentation on the repairs to the Fresnel lens of our Cape Meares Lighthouse. I thank those in attendance for their patience. In our year and half of meetings, we have not encountered such delays. Again, apologies. Susan

## NERV

Netarts Emergency Response Volunteers have been very busy. Expect an update about the recent Grant awards and progress on the ConX box placement. They are making great progress.

## General Meeting CAC

**04/25/2026 @10:00am**

## Netarts Fire Hall

We are pleased to welcome as our guest speaker Jason Elkins, Park Manager, of Cape Lookout State Park. He is going to speak to us about the upcoming closure and repairs planned this spring/summer at the park. It will be an opportunity to learn what repairs and improvements are scheduled and to ask any questions about those improvements.

If you cannot join us in person: the virtual option is available at the county website ([tillamookcounty.gov/comdev](http://tillamookcounty.gov/comdev))
