TECHNOLOGY SERVICES

YOUR REGIONAL PARTNER

CAPABILITY STATEMENT

AJ Technology Services' believes that reliability is the key to business success, and our passionate, local people have the reputation for going the extra mile. For 15 years we have been delivering to our clients, providing a quality finish, on time and on budget.

We understand that technology has to work for your business, that is why AJTS has partnered with leading brands to ensure that the finished product exceeds our clients' expectations in supply, installation and support. Our licenced, technical team can certify systems with product warranties, and we have the demonstrated experience and capability to work in schools, remote locations, oil and gas and Defence sites with NV1 clearances.

We are your regional partner. We provide local people, for smarter business.
