CUSTOM PERSONALIZATION

The founder of the Babe Ruth Little League baseball organization had passed away and his family emailed over a letter of permission for Thacker to use the trademarked logo in the head panel design of his casket.

An avid bow-hunter who established a "hunt club" for all of his friends to enjoy passed away. Thacker designed the perfect archery bow, target and whitetail deer arrangement from its stock library and included the custom text of the club name.

The announcer of a local high school football team had passed away. He always played the song "Who Let the Dogs Out?" because the local high school team's mascot was a bulldog. Thacker paired the bulldog embroidery with the famous line from the song.

The family of a former United States Marine Corps member requested that the famous USMC emblem be stitched into the head panel of his casket and include; military ranking, name, birth and death dates, as well as family affiliations, for a truly personalized tribute.

AT THACKER CASKETS, WE HAVE OVER 40,000 DIFFERENT PANEL DESIGNS AVAILABLE.
ALL DESIGNS CAN BE PERSONALIZED WITH A NAME, DATES OR A SPECIAL PHRASE.
