Welcome

Welcome to Tender Hearts Assisted Living, where compassionate care and a warm, home-like environment come together to create a comfortable and welcoming community. We provide assisted living, memory care, respite care, and 24-hour services to the Green Bay, WI area, giving residents and their families peace of mind knowing that caring support is always available.

At Tender Hearts, we believe every individual deserves to be treated with dignity, respect, and compassion. Our goal is to support each resident's changing needs while promoting safety, privacy, independence, comfort, and overall well-being.

Our dedicated team provides personalized care and consistent caregiving tailored to each resident's unique needs. Residents enjoy home-cooked meals and compassionate support, along with nursing care from licensed nurses on staff. Our specialized services include diabetic management, medication management and administration, wound care, specialized memory care, and end-of-life services.

Our memory care services provide a supportive and compassionate environment for individuals who need additional assistance. We focus on creating a sense of comfort, familiarity, and security while providing personalized care that helps each resident feel valued and at home.

At Tender Hearts Assisted Living, we are more than a place to receive care—we are a community built around compassion, connection, and family. Our hearts are dedicated to caring for you and your loved ones while helping each resident live with comfort, dignity, and independence.

We invite you to discover the warmth and personalized care that make Tender Hearts Assisted Living a place residents can truly call home. We would love the opportunity to welcome you for a visit and show you all that our community has to offer.

Resident & Employee of the Month

Larry

Meet our Resident of the Month, Larry! We are so happy to celebrate him and share a little more about the wonderful person he is.

Larry's favorite food is a classic combination: steak and a baked potato!

When it comes to music, he loves rock and roll, and you can bet that his favorite songs are sure to get him out on the dance floor.

If Larry could have one superpower, he would choose to be young again and healthy enough to go home. Of the four seasons, fall is his favorite because he enjoys seeing all the beautiful colors.

Larry grew up in Waupaca County, and one of his fondest childhood memories is Christmas time. If he could give anyone a piece of advice, it would be simple but meaningful: "Don't hurry to grow up."

Larry is a proud father of six children and has too many grandchildren to count! When asked what he likes most about Tender Hearts, his answer says it all—he appreciates knowing that he is always taken care of. We are so grateful to have Larry as part of our Tender Hearts family!

Jen

Jen has been part of our team for almost four years. What she enjoys most about working here is the strong sense of community and the daily social connections she shares with residents and coworkers.

Jen grew up in Green Bay and also lived in Connecticut before eventually moving back home. She is a proud mom to two daughters, ages 18 and 13, and a grandmother to one grandson. Her family also includes her mom, who is an important part of her life.

Jen chose a career in healthcare because she loves helping others. Outside of work, she enjoys hiking, road trips, and making memories with the people she loves. A fun fact about Jen is that she is a big fan of country music, especially Dolly Parton and Willie Nelson!

Her advice to her coworkers is that "teamwork and collaboration is a wonderful thing and can be achieved." Looking ahead 10 years, Jen hopes to have built a strong foundation for her family and live with no worries. We are grateful to have Jen as part of our team and appreciate the kindness and connection she brings each day!
