

Voicemail script to ask for bill:

Hello, my name is [Your Name], and I am a constituent from [Your city]. I am calling to request a few minutes of your time. Our state desperately needs a bill like the ones Texas and Louisiana put in place.

Bereavement bills like these are very important to families who have experienced the loss of their child through stillbirth, neonatal death and intrauterine fetal demise. It ensures these families have a cooling device like a Caring Cradle, along with trained staff that can provide quality bereavement care. Saying goodbye should not be rushed, families should be given quality time to spend with their babies.

[Optional personal note]

[Briefly explain why a bill would be important to you and/or your family]

I respectfully ask for you to help support a bill like Everly's Law and Angel's Law. So, families in [your state] can receive the same dignity, compassionate and quality bereavement care. Thank you for your time and your service to [your state].

Voicemail script to ask for support of bill:

Hello, my name is [your name], and I am a constituent from [your city]. I am calling to express my strong support for [bill], represented by [representative] which was passed [where it was passed, when and how many yays and nays and cosponsors].

This bill is very important to families who have experienced the loss of their child through stillbirth, neonatal death and intrauterine fetal demise. It ensures these families have a cooling device like a Caring Cradle, along with trained staff that can provide quality bereavement care. Saying goodbye should not be rushed, families should be given quality time to spend with their babies.

[Optional personal note]

Thank you for your time and your service to [your state].

Script for email asking for bill:

Subject line: We need Perinatal Bereavement Care in [your state]

[Representative name],

I hope this message finds you well and I thank you for your service to [your state]. I am writing to express the need for a perinatal bereavement care bill, like the ones Texas and Louisiana have. Bereavement bills like these are very important to families who have experienced the loss of their child through stillbirth, neonatal death and intrauterine fetal demise.

When these losses occur, time with a baby becomes incredibly precious. Yet many hospitals lack perinatal bereavement care, leaving nurses no choice but to separate mother and child. This leaves grieving parents rushed to make decisions and sometimes unable to have privacy and dignity to hold their babies, create memories or say goodbye. A bill will ensure these families have a cooling device like a Caring Cradle, along with trained staff that can provide quality bereavement care. Saying goodbye should not be rushed, families should be given quality time to spend with their babies during this devastating time.

[Optional personal note]

[Briefly explain why a bill would be important to you and/or your family]

Texas and Louisiana both recently passed similar legislation with overwhelming bipartisan support, ensuring hospitals provide cooling devices and bereavement training. I would love for [your state] to join these others and be one of the top states to set the standard for prenatal bereavement care. I respectfully ask you to help our state so families can receive the same compassion, dignity, and care.

Thank you for your time, leadership, and consideration.

Sincerely,

[Your name]

Subject line: Support for [bill] - Perinatal Bereavement Care in [your state]

[Representative name],

I hope this message finds you well and I thank you for your service to [your state]. I am writing to express my strong support for [bill], represented by [representative], which passed [where it was passed, when and how many yays and nays and cosponsors]. This bill is deeply meaningful to me and to many families across our state who have experienced the heartbreak of stillbirth.

When these losses occur, time with a baby becomes incredibly precious. Yet many hospitals lack perinatal bereavement care, leaving nurses no choice but to separate mother and child. This leaves grieving parents rushed to make decisions and sometimes unable to have privacy and dignity to hold their babies, create memories or say goodbye. A bill will ensure these families have a cooling device like a Caring Cradle, along with trained staff that can provide quality bereavement care. Saying goodbye should not be rushed, families should be given quality time to spend with their babies during this devastating time.
