

School Based Dental Home Program

Tentative Calendar

2026-2027

This program provides, dental screenings, sealant placement, fluoride treatments, referrals, follow-ups, educational presentations and personalized brushing instruction for students.

Our primary focus is on increasing oral health awareness, providing accessible dental care for priority population groups and helping to address the dental health disparities in our community.

- **Screenings, Fluoride Treatments and Dental Sealant placement for Grades 1-3**
- **Oral Health presentations for Kindergarteners**
