

# EAGLE ATHLETICS

## FOOTBALL

The first St. John Eagle football team hit the gridiron in 1953. Today, the tradition of excellence continues, and dozens of young men who wore the blue and gold have gone on to play at the college level and become coaches.

## VOLLEYBALL

Dig, set, spike- the ladies of the Eagle volleyball team show their skill on the court in every game, competing in the state tournament year after year.

## BASKETBALL

The Eagle and Lady Eagle basketball teams are writing the newest chapters in St. John's hoop history, lighting up the Monsignor Leonard Robin Gym at home games.

## BASEBALL & SOFTBALL

Diamonds are an Eagle's best friend. Eagle baseball and Lady Eagle softball keep their fans glued to the bleachers from the beginning of spring through the post-season.

## CROSS COUNTRY & TRACK

Sometimes Eagles don't need wings to fly- they do just fine on their feet, and get plenty of air time vaulting, jumping, and hurdling around the track.

## GOLF

From the links right here in Plaquemine at The Island Golf Club to greens around the state, Eagle golfers have the trophies to prove their excellence as individual players and as a team.

## POWERLIFTING

Our newest sport at St. John, our Eagles are ready to lift, squat, and bench press to show their maximum strength.
