- Firefighters completed CPR training “required every 2 years”, another class scheduled for to get remaining firefighters and police officers. March 19th
- Fire dept completed its annual pump testing March 12th, this is to service and certify fire apparatus every year of operational efficiency. All 3 trucks passed.
- A burn ban was placed on Bull Shoals due to the burning being done through-out the area of Marion and Baxter counties, Bull Shoals included. A number of people lost control of fires on their properties not taking into consideration for excessive winds, anytime winds are 10+ MPH no burning should be done, even in containers. Cooking and heating devices are exceptions but still extra precautions must be made, like disposal of ashes. One small ember in a pile of ashes exposed to wind can escalate very quickly. The burn ban will be lifted when conditions are more favorable.
