- Building Checks 98
- General Complaints. 15
- Civil Standby 3
- Medical 7
- Animal 11
- Investigation 3
- Open Door 2

- **Noteworthy Information & Activity:**

- We have had three major scenes happen this month that have required officers to be called in, other agencies called to the scene, and a unified response. We are still evaluating each scene individually to ensure maximum effectiveness. However, we would not have been able to work on these crucial scenes without the help of not only my officer's willingness to come in even when off duty, but with the help of our surrounding local and state agencies.
- Mayor Stahlman and I accepted the resignation of Officer Brandon Cook and we wish him well in his future endeavors. That leaves us with an open Full-Time position available and taking applications.
- We were able to get the power turned on at the newly donated building and we have been working night and day to get it cleaned up, inventory done, and getting the items that the Alvirez family wanted out and to them
- Mayor Stahlman came down with his brush hog and knocked down the tall grass and filled in the bigger potholes in the parking lot for us, and we greatly appreciated the help I have mowed the entire property since then and sprayed weed killer to eliminate the need to weed eat at all Sgt Clark was able to get on the roof and fix the gutters that had come unattached from the building and unclog the drains. Cpl Babb got upstairs completely cleaned out and an ozone machine in there to eliminate the smell
