

Educate-Elevate-Engage

# SPONSORSHIP PROPOSAL 2026

Associated with

# Welcome

Thank you for considering a sponsorship for Yolo County Young Professionals Network (YPN). Our mission, aligned with the National Association of REALTORS® YPN—is to equip rising real estate professionals with the tools, connections, and leadership opportunities they need to thrive.

As a local chapter, we rely on strategic partners who believe in investing in the next generation. Your sponsorship directly supports high-impact events, education, and networking that shape tomorrow's industry leaders.

With an established, fast-growing brand, YPN attracts new talent entering the real estate field and provides a platform for growth, collaboration, and community involvement. Sponsors benefit from strong visibility, meaningful engagement, and long-term business-to-business relationship opportunities.

By supporting YPN, you're not just sponsoring an organization—you're investing in future leaders and elevating your brand within a powerful, influential network.

## Why Sponsor YPN?

Your sponsorship dollars not only highlight your business, but also help the YPN to achieve a professional atmosphere at our events. Sponsorship provides an operational income for the group to work with increasing a higher level of education, networking, and national recognition to members as well as supporters. Our preferred sponsors share in our goal to develop nationally recognized young professionals that will ultimately be viewed as the top professionals in their respective fields.

Please consider sponsoring the YPN as you support the development of leaders in our community with a bright future ahead of them. On behalf of the YPN and its committee, we thank you for your support and sponsorship consideration.

# About Us

The Yolo County YPN is proud to champion growth within our community, our real estate industry, and every member who joins us. We're committed to creating meaningful opportunities that elevate Yolo County and empower the professionals who serve it.

In 2018, our chapter was recognized by the California Association of REALTORS® for hosting the most original and unique event statewide.

## Educate

YPN hosts educational events that are designed to provide an open forum environment for participants to learn from the facilitator as well as each other.

## Elevate

The YPN engages philanthropically with the community by participating in monthly meal packing at Meals on Wheels, and completes a beautification day in our community each August.

## Engage

The YPN hosts several networking mixers throughout the year to help members connect. These events are highly anticipated and at local venues with unique and fun experiences for all.

# Meet our Committee

The Young Professional Network committee is comprised of committee members who are REALTORS as well as Affiliate Business Partners, and are both new to the industry as well as more tenured professionals.
