## How to Measure

### How to Measure

To ensure you are ordering the correct size, we recommend measuring a similar article of clothing that you already know fits well, and then compare those measurements to our sizing charts. If you have any questions regarding sizing please send an email to [CustomerService@EwingSports.com](mailto:CustomerService@EwingSports.com)

Lay the garment out on a flat surface and take the following measurements.

- 1 Chest**  
Armpit seam to armpit seam
- 2 Waist**  
Across the bottom seam
- 3 Torso**  
Armpit seam down to bottom seam

#### PLEASE KEEP IN MIND

- If you are between sizes, we recommend going with the larger of the two sizes to ensure there is room for movement.
- Moving from Youth Extra Large to Men's or Women's Small does not always mean going "one size up" please refer to the measurement charts to ensure you are ordering the correct size for you.
- Women's sized jerseys are typically narrower and shorter than Men's sizes.

### SIZING TIPS

- Too big is better than too small
- Be aware that Youth XL does not correlate to Adult Small. YXL will be wider and shorter. If you are on the fence about ordering YXL or AS, it is probably best to order the AS
- Compared to Youth & Men's sizes, Women's tops will be tapered & Women's shorts will be shorter
