## MICRO SCISSOR LIFT

**COMPACT DESIGN:** 31.9" overall width and 61" overall length makes it easier to navigate tighter jobsites.

**CAPACITY:** 500 lb platform capacity. Rated for up to 2 occupants (2 in/1 out).

**MORE STANDARD FEATURES:** **Perimeter lighting** provides a clear visual cue in noisy environments, the integrated **Step Deck** adds reach for overhead work, and a **leak containment system** helps maintain cleaner jobsites.

**SIMPLE MANUAL BRAKE RELEASE SWITCH:** Easily release the brakes by rotating the conveniently located switch at the back of the lift with the machine key.

**LOW STOWED HEIGHT:** A 6'7" overall height allows operators to pass through a standard door without folding rails.

**SMOOTHER MOTION FOR BETTER CONTROL:** Permanent magnet synchronous lift motor provides smoother motion for better control and is more efficient than other AC motors, meaning more working time between charges.

### POWER

Charging protection system  
Standard FLA batteries

### PLATFORM

AC power to platform  
Descent alarm  
Emergency stop button  
Horn  
Motion alarm  
Overload sensing system  
Perimeter lighting  
Proportional control  
Step Deck (integrated)  
Swing gate

### CHASSIS

AC drive motors  
Automatic braking system  
Emergency descent  
Emergency stop button  
Flashing beacons  
Hour meter  
Intelligent diagnostic system  
Leak containment system  
Manual brake release  
Over-tilt protection system  
Pothole protection  
Safety chock for service  
Solid non-marking tires  
Standard forklift pockets for transport  
Swing-out component tray  
Telematics ready

### OPTIONS

Telematics  
Available without integrated  
Step Deck

LGMG NA provides an industry-leading 5-year/5,000 hour warranty on new boom lifts, scissor lifts, and vertical mast lifts, and a 3-year/3,000 hour warranty on new telehandlers with an option to purchase an extended warranty upon request.
