

## Student Excellence Award

This category celebrates female students who demonstrate a high level of potential and commitment within the construction, building or infrastructure industries.

This category is open to all women who, at the time of entering, are engaged in study, either part time or full time study at an accredited New Zealand tertiary institute related to the construction, building or infrastructure industries in an undergraduate course. This includes New Zealand studies such as a professional degree, or in an administrative or operational role.

Describe the nominee's role and influence within the construction industry; how it has shaped the nominee as a person; and what it means to be a future leader and how the nominee embodies this ability.

Please provide proof of current study by way of course confirmation from the accredited New Zealand tertiary institute for 2024.

### Judging Criteria

1. Describe their ability to overcome challenges, demonstrate initiative and how they show potential to make a significant contribution to the construction, building or infrastructure industries.
2. Demonstrates the skills necessary to be successful in the construction industry in their chosen field of study/training.
3. Outline their goals and future aspirations within the construction, building, infrastructure or related industries.
4. Describe their potential to inspire, motivate and be a role model for other women to follow.
5. Other criteria they and/or their nominator considers relevant. This may include voluntary work in the community in any sector.
