Spirituality Policy

School Vision

***“We shine like stars to achieve and make a difference in the world,
knowing that with God, all things are possible.”***

Definition:

As a school, we decided to depict our ‘definition’ of spirituality through images that we felt best reflect our understanding of the concept. This is a poster that is visible in every room, hall and offices.

This is not finite; we want to adapt and develop as our understanding adapts and develops.

Our aim is to:

Establish the right learning environment to enable the spiritual development of all pupils through the following objectives;

- Develop an appreciation of their uniqueness and value as a child made in the image of God;
- Develop an understanding of the distinctive ethos of this church school as well as the context, language and symbolism of the Christian faith;
- Develop knowledge and understanding of the school's core Christian values and the Biblical teaching that underpins them;
- Develop an awareness of and respect for other people's beliefs and faiths and the ability to articulate their own;
- Develop an appreciation of what it means to be a part of a community (e.g. using their gifts and abilities in the service of others);
- Develop strategies to build good mental health (see mental health policy);
- Foster self-awareness and encourage pupils to make informed decisions;
- Develop the skills and language required to enable them to reflect upon the big questions and mysteries of life;
- Begin to understand and make sense of their own feelings and emotions around certain encounters and events that occur in their life;
- Develop an awareness that experiences of disappointment, failure and loss may be occasions for spiritual growth;
- Understand the value of difference and diversity through involvement with others;
- Encourage curiosity, creativity and imagination;
- Develop the ability to reflect upon experiences of awe, compassion, beauty etc
- Develop a capacity to value the natural world, a sense of awe and wonder and a commitment to care for creation.

Christians believe that God became human and therefore always strive to be the best human they can possibly be. As educators and in accordance with the Equalities Act 2010, we want to help every child to be the best that they can be and have a duty to support the children to achieve this; part of this responsibility is to help children develop spiritually. All aspects of school life reflect a Christian ethos and all policies are based on Christian principles.

- A) **WINDOWS:** Encounter - The Learning about life. We give opportunities to become aware of the world in new ways, to wonder about life's 'Wows' (things that are amazing) and 'Ows' (things that bring us up short).
- B) **MIRRORS:** Reflection - The learning from life. We provide time for **REFLECTION**. We give opportunities to reflect on their experiences, to look inward & consider the big questions of life. In this we are learning from life by exploring own insights and perspectives and those of others. Give emotional, physical and auditory space.

- C) DOORS: Transformation - The learning to live by putting into action what we believe. We give opportunities to respond to all of this; to do something creative as a means of expressing, applying and further developing our thoughts and convictions. In this we are learning to live by putting into action what we are coming to believe and value.

Teaching and learning:

Through teaching and learning, the school pursues the aims and objectives by ensuring:

- The curriculum and all areas of our community life will be driven by the school's Christian vision statement and associated values;
- Opportunities for spiritual development are actively planned into the curriculum and encouraged in all areas of school life;
- Unplanned and spontaneous spiritual opportunities for spiritual development are recognised, acknowledged and/or celebrated by staff and children;
- Collective worship celebrates the love of God for every individual and provides opportunities for children to respond and reflect on this;
- A solid understanding of the Christian concept of God as Father, Son and Holy Spirit; of prayer and of the Bible is nurtured and developed;
- The school building and outdoor environment provides appropriate spaces for silence, stillness and prayer;
- That children's spiritual capacities such as imagination, empathy and insight are fostered through the creative arts and interactive multi-sensory teaching strategies making use of the outdoor environment and relevant educational visits;
- The provision of opportunities to listen attentively and observe carefully, listening with discernment, valuing what is good and worthwhile and making judgements through discussion and exchange of views and ideas;
- Support for learning to live with success and failure for themselves and with others;
- That moral development is linked to spiritual development through strategies such as 'windows, mirrors and doors' (see above);
- That the outstanding RE curriculum delivers knowledge and understanding of spirituality from a number of world faith and world view perspectives;
- That children are given as many opportunities as possible to explore the wonder of the natural world and to develop an understanding of the Christian belief that creation is a gift from God to be enjoyed, cherished and protected;
- Promotion of strategies for positive mental health.

Approaches:

In our school we seek to find ways in which all areas of the curriculum can contribute to children's spiritual development and to highlight opportunities for these in our planning by:

- Seeking to foster spiritual capacities, e.g. imagination, insight and empathy;
- Allowing children the security and opportunity to explore and express feelings and emotions and to celebrate diversity;
- Providing opportunities for prayer including silence and stillness;
- Sharing feelings and experiences that foster hope, joy, reassurance and encouragement;
- Encouraging children to develop relationships based on the school's Christian vision and associated values;
- Enabling children to make the links between the Church and Biblical teachings, the life of the school and the wider community and how these impact on their own understanding of themselves and their place within the world today;
- Providing an environment that promotes space to reflect, think and wonder.

Monitoring and evaluation:

Spiritual development cannot be measured and continues throughout our lives. However, opportunities offered to children for spiritual development will be monitored and evaluated in the following ways;

- Observing and listening to children;
- Regular discussion at staff and governor meetings alongside the school's Christian vision and values;
- Sharing of classroom work and practice;
- Ensuring that staff have a clear understanding of what spirituality means in this school by providing them with induction and development training;
- Evidence from pupils' work, e.g. reflective diary, RE books, SMSC work, creative writing, art;
- Regular inclusion in the SEF;
- CPD opportunities and sharing examples of good practice with other schools.
