# WELCOME TO ABERFELDY

Congratulations and thank you for discovering Aberfeldy Barn. We are so excited that you're considering our property for your wedding.

Aberfeldy Barn is a family operated business. Your hosts, Cass and Tony purchased the 50-acre property in 2016 from a gorgeous Scottish/Irish couple who called it their 'wee bit of paradise'.

They named it 'Aberfeldy' after the town in Scotland that they had visited and fell in love with, along with the smooth Aberfeldy Scotch Whiskey that is distilled there.

Cass has a Business Degree majoring in Hospitality Management and has worked in major hospitality and events for over 30 years, including working on significant functions for the likes of Richard Branson, Bob Geldof, Haley Lewis, and Layne Beachley.

With the stud 'Speckle Park' cattle, the wandering guinea fowl and the gentle hills of **Aberfeldy**; the entire property makes a wonderful photography background throughout the seasons.

This unique multi-award venue offers everything you require to create your perfect event. Cass and Tony ensure their guests are provided with the best services, local knowledge, and collaborations with talented and experienced photographers, caterers, stylists and any additional services you may desire for your special occasion.

# WHAT OUR COUPLES HAVE TO SAY

## Caitlin & Corey

"We absolutely loved our wedding day at Aberfeldy Barn!! We decided to change our venue and booked this beautiful place just 3 months before our wedding and I couldn't have asked for anything more beautiful!

The venue is absolutely stunning, so much can be done to suit exactly how you want your night! So many different options for getting beautiful photos also! Cass was so easy to get along with and anything that we wanted was able to be done without a hassle!!

**They are such a beautiful family run business that have such kind hearts. Thank you again for our perfect night xo"**

## Michelle & Tyler

"We loved our wedding at Aberfeldy Farm & Barn. Cass and Tony are lovely hosts who will go above and beyond to provide a fantastic experience.

The Barn caters for everything from casual to country elegance, to suit your preferred style.

**A beautiful country venue that offers a great atmosphere for celebrating with family and friends and is only a short, easy drive from Toowoomba."**

## Jess & Sam

"Aberfeldy was one of the most chill, easy going, stress free wedding venues ever. Cass & Tony were so easy to work with and I had zero stresses about the venue. The boys loved the loft to get ready.

**The barn inside and out was stunning. Nothing was ever a problem and they were so flexible."**

## Tegan & Regan

"We loved having our reception at Aberfeldy Barn! The one thing we do regret was that we didn't have our ceremony there also. Cass and Tony were only too happy to make sure our special day was magical and would go above and beyond.

The location is spot on giving you the country feel whilst still being close to town so out of town guests can easily access accommodation.

**The night was magical as the Barn provided the perfect atmosphere and it was everything I wanted it to be. Our guests still speak of how beautiful the Barn was.**

**If I could do it all again I would definitely choose Aberfeldy Barn."**

## Connie & Dhan

"Aberfeldy was an absolute dream come true! Everything from start to finish was amazing! Cass and her husband are superstars! I planned this wedding from Canada and it went off without a hitch! I cried when I saw the reception! It was stunning!

**Best day ever and every day leading up to the wedding was a breeze. Not an easy feat when planning from overseas!! Love love love Aberfeldy and its keepers!!!!"**

Sunflowers can grow tall and strong even in adverse conditions, making them symbols of longevity and resilience. A sunflowers bud represents the beginning of this growth, change and beauty.

In terms of love, sunflowers symbolise pure and steadfast love.

Therefore, giving someone a sunflower means telling them that my love for you will be constant, and unchanged, like how the sunflower always faces the sun.
