Coaches in Training

High School Players are giving back to the Club

Eleven Bethlehem Varsity players joined our coaching ranks this January, as Coaches in Training. These student-athletes have been instrumental in practices, providing our players with relatable role models. We look forward to continuing this program in future years!

Positively Elite

Our coaches welcomed Powell Cucchiella at our April Coaches Meeting

Mental Performance Coaching

Bethlehem Soccer Club welcomed Powell Cucchiella and Liv Raucci of Positively Elite at their April Coaches Meeting. Our coaches have been working on developing club-wide curriculum and have focused on the technical and tactical side of the game.

Powell was introduced to speak to the mental side of soccer, and even further. The session was designed to

help them understand the mental domain of soccer for our athletes, as well as what coaches can do to help foster confidence and produce consistent performances.

Powell and Liv provided the coaches some items and a game plan to address the mental side of coaching our players.
