

COMPANY PRESENTATION

1

the **C**OMPANY**diamondchem**

Since 1995 Diamondchem has been a leader in home and personal care products by, keeping on a high level of quality and a large home and personal care product range.

We produce our own bottles by 100% recycled PET, allowing the customer to save and keeping a low environmental impact. In fact, we have been one of the first companies to invest in the Eco Friendly bottle production machines.

Our young and motivated team, oriented towards change, ecology territory-oriented and novelties-oriented, can be considered one of more dynamic in Italy because the development times of new products and Private Label are fast and accurate having a Marketing and Graphic studio in the company always ready to satisfy the new market trends and the needs of our attentive and prestigious customers. We are all over the country and many European countries, thereby also printing labels in five foreign languages. Thanks to offices in Milan and Catania, we are able to follow and satisfy the different national realities needs from the northern to the southern tip of Italy.

Household detergents

High on heavy dirt for deep cleaning, with bright colors and wrapping scents. Our detergents are always considered among the best with an excellent value for money.

Personal care - Hair care

A line carefully studied by following the latest market trends and news from abroad, using only vegetable soaps, natural extracts and refined scents.

All of our products' formulas are paraben-free and enriched with vitamins, natural extracts and essential oils.

Private label

We specialize in this new and growing field, exposing at international trade fairs such as the PLMA in Amsterdam and the Marca in Bologna, acquiring customers, brands and prestigious insignia.
