Accreditations Summary

ISO 9001, PAS43, NHSSD17 Earned Recognition, Safe Contractor

The above accreditations confirm that we are committed to fully trained staff that can work with equipment and in an environment that is safe, controlled, and complies with all legislation / standards required.

ISO 9001 is one of a series of quality management system standards. This helps us bring out the best in our organisation by enabling us to understand our processes for delivering our products / services to our customers.

Earned Recognition (Founder members). We have been ER operators for a number of years using this standard to enhance our Transport Operations both in the UK and Europe.

PAS43 (*Publicly Available Specification*) is the safe working of vehicle breakdown, recovery and removal operations. It is an awareness management system specification. The requirements within PAS 43 have been agreed by the major organisations within the breakdown and recovery industry.

National Highways Sector Scheme 17 sets training level requirements which must be achieved and maintained to continue accreditation.

We use IVR modular training utilising our own & external accredited trainers and our own training facility.

Institute of Vehicle Recovery Group details can be found at: www.theivrgroup.com

We also use our own & external accredited trainers and our own training facility for other subject training.

PAS 43 / NHSS are now auditable standards, and CarsQA is the industry specialist in this sector being fully accredited with UKAS to issue accredited PAS 43 / NHSS 17 Certificates which are fully acceptable to all motoring organisation / clubs, Roadwork / Highways Contractors and Police.

The above accreditation is audited 6 monthly by CarsQA

Safe Contractor - this is a compliance standard ensuring all our operations activities meet standard and is reviewed annually

CMG Competition Law Compliance (policy statement)

CMG t/a Cowan Recovery Limited (referred to as the company herein) is committed to compliance with all laws and regulations governing its business including laws related to competition.

The company does not engage in conduct, which is anti-competitive, nor will it enter into agreements with other companies or organisation's which could, or do, or intend to restrict, prevent or distort competition in any market in which we operate.

Competition law prohibits the following activities:

- a, Anti-competitive agreements which restrict, distort, or prevent competition in the UK.
Anti-competitive agreements are written or oral agreements (including 'gentlemen's agreements') and decisions or concerted practices, including loose informal understandings, to limit competition between two or more businesses (including firms, companies, and sole traders) which are intended to prevent, restrict or distort competition and may affect trade.
- b, Abuse of a dominant market position affecting trade within the UK.
A 'dominant market position' means that a business can take business decisions without regard to its competitors or customers, effectively preventing competition in the market concerned. To have a dominant market position, it is not necessary to have eliminated all competition. As a general guide, a market share of 40-50% or more may indicate dominance.
- c, Criminal cartels – price-fixing, limiting supply/production, market sharing or bid-rigging.
The criminal cartel offence is committed where an individual agrees with one or more other persons to make or implement, or cause to be made or implemented, arrangements that amount to price fixing, supply limiting, quota setting, market sharing or bid rigging in the UK.

Dealing with specific risks

Competitors

Contact with competitors is a necessary part of the company's business but is also something which the Competition and Markets Authority (CMA) would examine very closely. Therefore, as soon as we engage in any contact with a competitor (whether in the context of a tender or otherwise) we are vigilant and consider the situation carefully. This is especially so if both the company and the competitor are participating or about to participate in any related tender.

We do not agree or discuss with a competitor:

- The company's commercial terms and conditions or commercially sensitive information
- Where or with whom, the company does business or suggest, for example dividing up or allocating tenders, projects, territories or customers.
Do not agree who should bid or not bid for particular contracts, or rotating who should win particular contracts, or discuss the company's appetite or otherwise for any particular tender.
Do not agree to boycott particular customers, or suppliers or act together to impose conditions on a customer or supplier.
Do not warn and/or agree with a competitor or new market entrant to 'stay off our patch'

- The price at which The company does business – do not discuss prices, pricing policies, or any individual elements of your prices
- The terms of any tender, including discussing and exchanging information on prices (including a cover price)

Information, either directly or indirectly, concerning recent, current or intended bids

Joint working

If the company and a third party have both expressed a formal interest in the same contract i.e. they have pre-qualified separately and subsequently consider working together in a sub-contractor relationship or a joint venture, the employer/client should immediately be informed.

Pricing

A breach of competition law (and a potential criminal offence) takes place when an activity has the potential to distort the price – even if the price is not actually distorted.

The company does not:

- Take part in any discussions whatsoever with competitors about prices (actual or intended), including the giving or taking of a 'cover-price'.
- Discuss with a contractor, the company's costs or the prices paid to any part of the supply chain (whether or not used)
- Form agreements with competitors to inflate tenders so as to cover the bid costs of those losing the bid.

Breaches

Breaches in respect of any part of this policy have the potential to cause significant reputational damage to the company amongst its industry competitors, service users and before the public.

Any suspected breach of any part of this policy exposes the company to a potential regulatory and/or criminal investigation by the CMA, within which company material can be seized or compulsorily requested and the final outcome of which could be significant financial penalties, restrictions on the company's ability to tender for public sector contracts and more, as well as criminal liability for individuals and the company itself.

Due to the significance of such outcomes, the company will act swiftly to investigate and take appropriate disciplinary action against any employee or contractor acting in breach of this policy. Such investigation may also necessitate the retention and review of material by the company, or any such persons engaged by the company to assist in such an investigation.

The company and its management team fully support this policy and are committed to provide competent personnel and financial resources to implement it.

Complaints & Issues Policy

Scope

CMG aims to satisfy all customer expectations no matter what the nature of work carried out. However, it is possible that from time-to-time, aspects of our service may not quite match a client's expectations.

Where this occurs, we need to investigate the causes for concern and work to improve the process and try to satisfy our clients with corrective actions where possible.

Failure to maintain adequate standards can significantly damage our reputation and accordingly would result in a poor relationship or possibly adverse publicity where any areas fall below the required standard.

Implementation

The Company Directors are responsible for the setting of the policy and its communication to the managers and employees.

The Managers and Supervisors are responsible for the day-to-day implementation of the policy. All employees are required to adhere to the policy and to cooperate with the company.

Procedure for raising an issue.

CMG ask that any person wishing to raise a concern, document the issue or complaint using our Web site form.

We ask you to provide information in as much detail as possible including;

- Your name.
- Organisation.
- Your contact email address.
- Your vehicle registration plus ours if known.
- The date when the incident occurred.
- A full description of the service that failed; was late; or incomplete; or the damage that occurred such as for example – *right hand passenger side door above the handle damaged* etc. Please include your contact phone number
Please include any details of CMG employees that you have spoken to. (Names, dates etc.)

We may subsequently ask for any documentation to hand or photographs that support your concern/claim.

The form on our Web site is there for ease of completion. The information provided by you will automatically enter our software and start the process. Your concerns will be dealt with in an independent manner. We would hope to reply and acknowledge registration of your issue together with a unique reference number within 2 working days and try to provide a specific detailed response within a further 7 days including investigating.

(Our Support Team opening hours are 09.30-16.30 Mon - Fri)

CMG Staff Actions

CMG employees must treat any potential or actual complaint seriously and report such incidents. External complainants should be encouraged to use the web site form on all occasions as it has been proven to be the most efficient and quickest method of resolving the problem. Please avoid taking phone numbers with a promise of phoning back as this is not efficient and messages often fail to be passed. Please help any person with an issue, follow the above procedure.

Investigation Action

Once received the issue will then be passed to a senior manager of staff to carry out a thorough investigation, the senior manager will gather evidence from witnesses and cameras and then pass these findings back to issues, who will then contact Human Resources if any disciplinary procedure is required.

Loler / Puwer / Air Vessel / PAT / Fixed ET / Calibration / Hazard / Audit

We engage Lifting Equipment Specialists Ltd to inspect our equipment both lifting and pulling every 6 months. This includes equipment in workshops and on vehicles.

We have planned maintenance on all our equipment using Lifting Equipment Specialists Ltd & AMD Garage Services & Equipment.

Additionally we have our own in house Property Maintenance team who not only carry out building upgrades and repairs but also look after minor repairs on equipment which in turn is certified and checked.

We run a Fleet maintenance department carrying out regular maintenance to all our fleet. This department have their own workshops with lifts and pits.

We have efficient Light and Heavy workshops for our range of vehicles including brake roller testing, smoke testing and Headlight alignment.

The heavy Fleet workshop building has a long pit over which even the longest vehicle on our fleet can fit.

We have IRTEC & VR24 trained and certificated employee's.

We engage Allianz Engineering to carry out inspections of our air pressure vessels at the agreed inspection intervals.

Annual Portable Electrical testing is carried out by our own Property Maintenance team who are trained and certified.

Fixed electrical testing is carried out by external accredited technicians on a planned regular basis.

Calibration certification is carried out by Oakridge Engineering, ISN Garage Assist.

The company encourages hazard inspections and audits throughout its operations and actively carries out planned and covert observations of staff / procedures to ensure the company maintains the high standards of safety and quality throughout the whole business.

Stewart Usher - Support Services Manager

Corporate, Social and Ethical Responsibility Policy

CMG recognises that it has corporate, social and ethical responsibilities to its trustees, customers, suppliers, employees and other stakeholders, and is committed to conducting business in a manner which achieves sustainable growth whilst fulfilling legal, moral and ethical obligations.

Introduction

CMG are one of the United Kingdom's most established and well-respected Operators, with over 40 years' experience in the Vehicle Rescue, Transportation, Network Management and Logistics sectors. We specialise in the provision of cost-effective and flexible solutions to both private and public sector organisations. We aim to achieve our business objectives in a caring and responsible manner, recognising the economic, social and environmental impacts of our activities. Our responsible conduct and customer service ethos has been a strong foundation of CMG's success. For CMG, being socially responsible goes beyond fulfilling legal obligations. It is about maintaining our hard won reputation by demonstrating a commitment to health and safety, our people, local communities, and the environment in which we operate.

Business Principles

CMG is committed to ensuring that our business is conducted in all respects according to the highest ethical, moral and professional standards, taking into account all appropriate legislation.

Environment

CMG are committed to the identification, monitoring and minimisation of our environmental impact, namely through the prevention of pollution, a reduction in waste production, and the implementation of good environmental management practices. We are committed to conducting our activities and operations in line with current legislation and best environmental practice, seeking continual improvement and innovation throughout all business activities.

Health and Safety

CMG are committed to high standards of health and safety practice, recognising both our duty as a responsible employer and the benefits of providing safe working conditions. We aim to achieve continuous improvement in health and safety performance through the use of robust, and where applicable, externally audited health and safety management systems.

Transport

As a responsible vehicle operator CMG fully recognises that motor vehicles are responsible for significant emissions to the atmosphere, and that, by reducing distances travelled, we can benefit the environment. Our policy is to practice proactive fuel management through the efficient planning of delivery and collection routes, driver training, the use of telematics systems to our vehicles and the purchase of the most fuel efficient vehicles and trailers.

Suppliers

CMG is committed to understanding where products are sourced in order to ensure that the principles of environmental sustainability are upheld. In addition, we take all necessary steps to warrant that the welfare of workers and labour conditions within our supply chain meet or exceed recognised standards.

Customers

CMG recognises that our business and livelihood depends on our customers. With this in mind, every employee serves as an ambassador on CMG's behalf, and is therefore individually responsible for ensuring that customer contact is professional and appropriate at all times. We are committed to the provision of service standards which not only meet, but also exceed, the expectations of our customers. Without our customers, we would have no business. If we do not look after them, somebody else will.

Community

CMG endeavours to contribute to the community in which we are based and operate, through the support of community initiatives and local charities.

Employees

CMG provides equal opportunities to all existing and prospective employees, recognising that our reputation is dependent on the quality, effectiveness and skills base of our staff. We are committed to the fair and equitable treatment of all our employees, and specifically to prohibit discrimination or victimisation on the grounds of race, religion, sexual orientation, nationality, or ethnic origin. Opportunities are available to disabled persons in accordance with their abilities and aptitudes on equal terms with other employees. We aim to create, develop and lead highly motivated teams who have up-to-date competencies and skills, and live CMG's values. We will support our people by stimulating positive and responsive communication, supporting learning and development opportunities and encouraging our staff to realise their full potential.

Responsibility for this CSER Policy

Ultimate responsibility for the implementation of this CSER policy rests with the Managing Director. Line Managers are responsible for ensuring that their permanent and temporary staff and contractors are aware of CMG's Corporate Responsibility obligations. This CSER Policy shall be maintained, reviewed and updated annually.

CMG recognises its inherent risk of potential involvement with a terrorist event, especially as an operator of commercial vehicles, and is committed to proactively managing these risks to ensure the safety of its employees, customers, and the general public.

The management team at CMG maintains a rigorous system for continuous review of the latest national threat levels and potential risks, utilising information from official sources, including the gov.uk terrorism guidance: <https://www.gov.uk/terrorism-national-emergency>.

Our strategy is structured across four key risk areas: Vehicles, Premises, Journeys, and People.

1. 🚚 Vehicles (Vehicle as a Weapon Threat)

CMG acknowledges the increased threat of commercial vehicles being stolen or used as a weapon in terrorist attacks. The following control measures are strictly enforced to mitigate this risk:

- **Security While Stationary:**
 - As part of CMG's driving standards policy, drivers are strictly instructed not to leave their vehicles running when unattended under any circumstances.
 - Drivers must ensure the vehicle is locked and fully secured before leaving the cab.
 - Trucks equipped with PTOs (Power Take-Offs) are supplied with two keys, allowing the driver to lock the cab securely while the engine is running to carry out necessary work.
 - Drivers are encouraged to only park in secure, well-lit, accredited Truck Stops and to avoid informal or unmonitored stopping areas.
- **Security Checks:** Drivers are required to conduct a Security Walk-Around Check (in addition to the mandated pre-use safety check) upon leaving and immediately upon returning to the vehicle after any stop, to check for signs of tampering, suspicious packages, or unauthorised materials attached to or inside the vehicle.
- **International Travel:** When travelling abroad, drivers must comply with the mandatory CMG 563 10-point security checklist, contained within their European packs.
- **Tracking and Recovery:** All CMG vehicles are fitted with approved tracking devices. The Teletrac Navman system allows the running of geo-fenced location reports, which will assist the company and emergency services in swiftly tracking and locating the vehicle in the event of an incident or hijacking.

2. 📍 Premises (Site Security and Hostile Reconnaissance)

CMG ensures all premises meet high security standards to prevent unauthorised access and hostile reconnaissance.

- **Physical Security:**
 - Each yard is secured by a 2-metre-high perimeter fence with monitored intruder alarms.
 - Access is strictly controlled via automated gates, requiring authorised access codes or key-fob control.
 - Access codes are changed randomly by management and distributed to staff securely. Keys are managed centrally by Support Services.

Counter Terrorism Policy

Important Telephone Numbers to use	
Emergencies	999
Non-Urgent	101
Anti-Terrorist Hotline	0800 789 321

- **Surveillance:** Each yard operates 24/7 monitored CCTV by Alert Alarm Systems, supplemented by surveillance from the head office control room.
- **Vetting and Personnel:** All staff (including drivers) are required to have up-to-date DBS and/or Police Vetting checks carried out before being granted site access.
- **Contractors and Visitors:** All visitors, agency staff, and external contractors must follow a strict sign-in/sign-out protocol, display valid ID passes, and remain supervised while on CMG sites.
- **Maintenance:** Vehicles on maintenance contracts are serviced only at pre-vetted, credible workshops which adhere to their own documented security measures.

3. 🚚 Journeys (Operational Security and Information Control)

Drivers must maintain strict operational security to prevent their routes, loads, or movements from being compromised by unauthorised parties.

- **Information Security:**
 - Drivers must avoid discussing loads, collection/delivery details, or routes with unauthorised persons, including over non-secure telephones or in public areas.
 - Drivers must never post information, pictures, or location details about their route, load, or destination on social media platforms.
 - Employees must be keenly aware of their 'digital footprint' and ensure mobile phone security settings (e.g., location services, photo geolocation) are managed to prevent unwitting disclosure.
- **Route Protocols:**
 - Drivers must discuss and agree upon high-risk routes with their Transport Office before departure.
 - Any forced or necessary change to a pre-approved route must be reported to the Transport Office immediately.
 - Drivers are mandated to plan fuel stops to minimise unscheduled breaks in unsecure locations.
- **In-Cab Security:**
 - Unauthorised passengers are strictly forbidden in the cab.
 - ID documentation, wallets, and high-value personal effects must be kept secure and out of sight when the vehicle is parked.
 - **Official Stops Protocol:** In the event of an official traffic stop (Police, DVSA, etc.), the driver must immediately inform the Transport Office and verify the ID of the official before complying with requests.

4. 👤 People (Insider Threat and Public Awareness)

CMG must consider risks from customers, external contacts, and internal personnel. All employees play a critical role in maintaining security.

- **Insider Threat Awareness:** CMG employees must be highly alert to potential internal threats. All staff must be trained to recognise and report suspicious behaviour from colleagues, which could indicate radicalisation, hostile reconnaissance, or attempted data theft.

Counter Terrorism Policy

- **External Risk:** Drivers must be aware of the signs of hostile reconnaissance or suspicious activity from customers, suppliers, or members of the public at load and unload locations.

Important Telephone Numbers to use	
Emergencies	999
Non-Urgent	101
Anti-Terrorist Hotline	0800 789 321

5. Training and Awareness

CMG ensures all employees receive appropriate and recurrent Counter Terrorism training.

- **Mandatory Training:**
 - All CMG personnel (including office, management, and driving staff) are required to complete the ACT (Action Counters Terrorism) Awareness e-Learning module as part of their induction or annual refresher training.
 - All staff will receive mandatory training on how to respond to a direct attack using the government's Run, Hide, Tell guidance.
 - All employees must be trained in the principles of ScaN (See Check and Notify) to effectively identify and report hostile reconnaissance or suspicious behaviour.
- **Driver Compliance:**
 - As part of their induction, each driver receives job-specific training on how to identify and report a potential terror threat while driving or on a site.
 - As CMG is FORS accredited, its drivers are required to complete the Counter Terrorism Module as part of their continuous training programmes and CPC hours requirement.

6. Reporting Procedures

To ensure the safety and security of our operations, CMG has established clearly defined reporting procedures for all suspicious activity and incidents.

- **Internal Reporting (Suspicious Activity):**
 - Any employee who witnesses or identifies potential suspicious behaviour (colleagues, customers, contractors, or external parties) must report it immediately to their Line Manager or a designated Security Lead.
 - The Line Manager/Security Lead will escalate the report internally to the appropriate Director/Security Department following the established internal escalation matrix.
- **External Reporting (Non-Emergency Intelligence):**
 - For reporting suspicious activity or non-urgent intelligence relating to terrorism, employees are encouraged to use the dedicated national non-emergency channels:
 - ACT Reporting Line: 0800 789 321
 - Online Reporting Form: gov.uk/ACT
- **Emergency Incident Reporting:**
 - In the event of an emergency, hijacking, or serious incident, the driver's absolute priority is their personal safety.
 - The driver must contact the Transport Office/Emergency Control Room immediately upon reaching a place of safety.
 - The Transport Office will then establish direct communication channels with law enforcement (999) to provide essential details (location, time, nature of the incident) and coordinate with regulatory bodies.

CMG Crisis Management Strategy Policy

Crisis management for CMG is an essential aspect of risk mitigation and business continuity. Developing a comprehensive crisis management strategy and policy helps us effectively respond to and recover from various crises, including natural disasters, cyberattacks, public relations crises, and more.

Policy:

1. CMG Crisis Management Team (CMT):

- Managing Director, Operations Director, Heads of Departments, Support Services Manager. IT Director.

2. Risk Assessment:

- CMG have conducted a thorough assessment to identify potential crises that our organisation may face. This includes both internal and external threats. These are addressed in our BCP.

3. Objectives:

- The objectives of our crisis management strategy, is to protect lives, minimise financial loss, maintaining reputation and service levels to our customers and protect the company.

4. Crisis Management Plan:

- Our BCP details how CMG will respond to different types of crises and specific actions to be taken.

5. Communication Strategy:

- The CMT will communicate with all persons concerned during a crisis. Ensure that messaging is consistent and accurate.

6. Training and Drills:

- CMG regularly train out under instruction of the CMT conducting crisis drills to test the effectiveness of the plans helping the team's ability to respond quickly and efficiently.

7. Resource Allocation:

- CMG have the resources required to manage a crisis, such as personnel, technology, and financial resources.

**8. Legal and Regulatory Compliance:**

- CMG ensure that our crisis management plan complies with all relevant laws and regulations.

9. Business Continuity:

- CMG have outlined our business continuity plan (BCP) which outlines how critical operations will be maintained or quickly restored during a crisis.

10. Monitoring and Evaluation:

- CMG continuously monitor our plan's effectiveness and are ready to adapt and improve it as necessary.

11. Documentation and Reporting:

- CMG keep detailed records of all crisis-related activities, including decisions made, actions taken, and communication logs.

12. Reputation Management:

- CMG will manage the organisation's reputation in the aftermath of a crisis, which may involve public relations efforts and rebuilding trust.

13. Review and Update:

- CMG periodically review and update our crisis management strategy and will revisit the policy to reflect changes in the business environment, technology, and emerging threats.

14. External Partnerships:

- CMG have identified and establish relationships with external organisations that can provide support during a crisis, such as emergency services, public relations firms, and legal counsel.

15. Employee Support:

- CMG ensure that there are procedures in place to support and communicate with employees during a crisis, including their safety and well-being.

16. Media and Social Media Monitoring:

- CMG will constantly monitor media and social media channels for any mention of the crisis and be prepared to respond promptly to rumours or misinformation.

The Certificate certifies that the organisation was assessed as meeting the Cyber Essentials Plus implementation profile and thus that, at the time of testing, the organisations ICT defences were assessed as satisfactory against commodity based cyber attack. However, this Certificate does not in any way guarantee that the organisations defences will remain satisfactory against a cyber attack.

Data use in CMG - Overview

CMG view the handing of all forms of Data to be of very high importance. As such we have several procedures and policies and process in place.

Compliance with Data Protection regulations and working to the required standards of the ICO are mandatory in CMG.

CMG work with many authorities, agencies, insurance companies and large businesses who value their data and expect us to meet the highest standards.

CMG operate Apex RMS software as their primary tool for job management. This software requires individual log in with security password rotation along with the need for individual password log in to the computer. This software enables start to finish secure management of each job i.e. creation – dispatch – recovery - control – storing – invoicing. All data entered into this system is secure.

Industry tested security software is also used to protect us from intrusion and malicious attack, this is deployed to all of our network and maintained by our IT department.

Apex Networks managed and hosted the RMS software to an industry approved standard with all the safeguards expected of such software in place as standard.

This software allows photos to be automatically uploaded direct from the roadside operator into the job on Apex RMS. These photographs are secure to the job and any copying/attachment in or out is logged within the software.

Driver operator receive their jobs via their PDA's into their Apex RMS app. This app allows data to be entered such as acceptance, on scene, vehicle condition, photos, outcomes and clear down. The photographic images are not stored on their PDA but transmitted back to the Apex RMS server.

Photography of any subject at CMG other than within the requirements of the individual job is strictly controlled and only authorised personnel can take photographs of vehicles, property and premises.

CMG operate manual job card use for some customer work and these records together with any parking (storage) records and personal details are stored securely at the admin depot locations for the customer required timeframe. Access to these records is restricted to authorised members of staff only.

Disposal of paper records are by means of an accredited secure waste collection service on a formal agreement with waste disposal recorded.

Disposal of phones, PC's, servers etc. is also by means of an accredited secure waste collection service on a formal agreement with waste disposal recorded.

CMG operate a voice recording system on their phone network for training and monitoring purposes and notice if such is advised automatically at the outset of the call.

This data can only be accessed by authorised personnel within CMG.

CMG operate a comprehensive CCTV coverage of their premises and secure storage areas, this can only be accessed by authorised personnel within CMG.

All procedures and policies are trained out on induction and backed up with revisits to the subjects through either training or communication methods regularly.

Drugs & Alcohol Policy

Policy Statement Aim

The overall aim of the policy is to have a safe and healthy working community in the workplace; this protects and promotes health and safety and thereby sustains health, enhances productivity and strengthens business performance.

This aim has the following objectives:

1. To prevent drugs and alcohol misuse by raising awareness and providing guidance on the symptoms, effects on work and health consequences of both drugs and alcohol; CMG is aware that in some instances, drug and/or alcohol dependency is defined as an illness. CMG actively encourages those employees who are experiencing difficulties with drugs, alcohol, or any other substance to seek help. Where appropriate, we will offer assistance in seeking relevant and evidence based treatment. In these cases normal sickness absence procedures will apply. Confidentiality is assured in these cases.
2. CMG aims to provide a safe, efficient and effective service to all of our customers and will take any action the Company deems to be appropriate to ensure that employees who may attempt to work whilst impaired by the use of substances do not compromise this.
3. It is the purpose of this policy to ensure that the use of alcohol and drugs by any employee or any other person (s) associated with CMG does not impair the safe and efficient running of the business or put at risk the health, safety or welfare of its employees, customers, suppliers or members of the general public

CMG also recognises the importance of balancing respect for individual privacy with the need to maintain a safe, secure and productive working environment free of substance misuse.

Environmental and Sustainability Policy

CMG provide a professional service for Recovery & Roadside Assistance service for passenger cars, light and heavy commercial vehicles, aiming to achieve an acceptable service level for customers and requesting organisations. CMG also provides Logistic Solutions, Vehicle Transportation both nationally and internationally together with Call Handling Services.

CMG are committed to sustainable development (meeting the needs of the present without compromising the ability of future generations to meet their own needs) as a guiding principle within our work. Concern for the environment is an integral and fundamental part of this commitment. Our aim is to reduce the impact on the environment from our operations.

Our environmental/sustainability actions aim to promote good governance as well as dealing with aspects of poor practice.

We will continue to assess the environmental impacts of our operations and set objectives and targets in order to improve our environmental performance.

We will regularly review these targets.

We recognise that all our activities interact with the environment and are committed to minimising adverse impacts and improving assistance processes efficiency.

In particular this will be achieved by the following actions:

We will:

- promote responsibility for the environment within the organisation and communicate and implement this policy at all levels within the workforce;
- reduce the use of energy, water and other resources;
- minimise waste by reduction, re-use and recycling methods;
- comply with all relevant environmental legislation/regulation;
- strive to purchase the most efficient and environmentally friendly vehicles as possible which meet with service provision requirements;
- ensure that our policies and services are developed in a way that is complimentary to this policy; not prioritise funding needs ahead of sustainability requirements;
- encourage all departments to commit to the sustainable development philosophy;
- encourage and work with our supply chain colleagues to help them achieve sustainable development in line with our environmental beliefs;
- identify and provide appropriate training, advice and information for staff and encourage them to develop new ideas and initiatives;
- provide appropriate resources to meet the commitments of this policy; and
- promote and encourage involvement in local environmental initiatives/schemes;
- comply with all relevant environmental legislation and regulations, and other requirements to which we subscribe;
- review the actual and potential environmental impacts of all activities, including those that might affect the local community;
- strive for continual improvement in environmental performance through setting objectives and targets and developing key performance indicators;
- employ best practice to prevent pollution, minimise waste and maximise the efficient use of resources (materials, fuel and energy);
- identify and manage key risks and have arrangements in place to respond to all foreseeable incidents and emergencies

Every employee has an individual responsibility to help meet the requirements of this policy.

All employees are invited to contribute ideas for better practices through regular meetings or discussion with their line Supervisors, Managers, right through to, and including the Directors.

CMG Environmental Stewardship, Social Responsibility & Governance (ESG) Policy Statement

Policy Scope

This policy applies to all CMG controlled operations.

For the purpose of this document 'the company' is Cowan Recovery Limited trading as CMG

Purpose

This ESG Policy formalises the companies longstanding commitment to responsible business practices in the areas of:

- Environmental Stewardship.
- Social Responsibility.
- Governance, Ethics & Compliance.

It also memorialises our commitment to practice responsible investment by integrating ESG considerations into our decisions and management processes.

Principles and Strategy

By embedding ESG into our operations and decisions, we create value for our business by driving innovation, expanding our value proposition, deepening relationships with our stakeholders, attracting and retaining top talent, and reducing our capital costs through ESG-related financing.

We maximize the positive impact of our ESG actions and the value they deliver for our business by following four strategic principles:

- 1. Business integration** – Weave ESG into the fabric of our organisation to inform decision-making from the boardroom to all corners of our operations.
- 2. Customer-focused solutions** – Pursue ESG initiatives that add value for our customers, the company and society.
- 3. Innovation** – Unlock new technologies and approaches to solve sustainability challenges.
- 4. Culture & Talent** – Offer a world-class employee experience and engage our employees in delivering on our ESG objectives.

Oversight and Implementation

The Board of Directors has direct oversight of the company' ESG program. We support our business strategy by establishing ESG goals that are informed by our stakeholder engagement efforts. Our ESG goals are approved and supported by senior management and the board of directors. These are put into action by our colleagues in the field. We annually track data and our progress to report on the outcomes of our efforts across our corporate operations for the three dimensions of ESG.

Environmental Stewardship

Our focus:

- Build the company with modern, efficient operations, staying ahead of our customers' needs, while positively impacting the environment and addressing climate change risk.

Our actions:

- Achieve sustainable growth in new developments and incorporate cutting-edge, efficient technology to benefit our operations and customers.
- Within new developments and existing works, enable more efficient operations, promote health and well-being of our customers, employees, deliver sustainability benefits that enhance profitability and reduce environmental footprints. Some measures can include responsibly sourced vehicles and materials, continual development and participation to bring Heavy & Light goods vehicle operations closer to zero emissions, decreased water and energy usage, lower carbon footprints and enhanced biodiversity that benefit our customers, our employees, our surrounding communities and the environment.
- Seek and deploy innovative technologies to future-proof and enhance the resilience of our operations to unpredictable changes in the climate or the environment.
- Use the company Environmental Management System (EMS) that is implemented, maintained, and continually improved.
- Continually review our environmental impact within all sites and operations.
- Engage suppliers, customers, and employees around vehicle emissions, packaging, waste segregation with correct disposal methods.
- Preserve and promote the protection the Environment within our own business activities, as well as those of our supply chain, in accordance with Environmental & Sustainability Policy.

Social Responsibility

Our focus:

- Deepen relationships with our key stakeholders by investing in our employees and partnering with our customers, communities, investors and suppliers.

Our actions:

- Engage with our employees to provide a challenging, dynamic, inclusive and diverse work environment that supports their professional development, as well as promoting a good work-life balance that prioritises their overall health and wellness.
- Support initiatives that benefit the environment, human welfare and education. This includes skills trainings that advance workforce talent pipelines for our employees and economic development in the communities in which we operate.
- Engage suppliers, customers and employees around safety, health & wellness.
- Preserve and promote the protection of human rights and welfare within our own business activities, as well as those of our supply chain, in accordance with our Equality & Diversity, Health & Safety, Health & Wellbeing, Flexible Working, various Human Resources, Financial Fraud, Supply Chain Charter, and Modern Slavery Polices.

Ethics & Governance

Our focus:

- Promote strong oversight, transparency, and risk management at all levels of our organisation, ensuring the resilience and long-term preservation of value for our business.

Our actions:

- Maintain strong corporate governance practices through exemplary board stewardship, management accountability, and proactive risk management.
- Mitigate risk exposure and build our resilience to climate change and other catastrophic events through foresight planning and preparation in both our operations and equipment.
- Maintain high ethical standards with leadership that promotes a culture of integrity.
- Cultivate strong stakeholder relationships through transparency, open communications, and responding to stakeholder input.
- Establish clear and effective governance for ESG.

Responsible Investment

Our focus:

- Integrate the fundamental principles of ESG, as stated in this policy, when considering investment decisions and managing existing investments & initiatives.

Our actions:

- Incorporate ESG principles into investment and project analysis with decision making processes and ownership policies and practices in alignment with our core business practices. This includes the inclusion of ESG issues within our standard evaluation process for all developments, projects, and acquisitions.
- Invest in efficiency measures to enhance the operational efficiency of operations to help our customers achieve lower costs and lower environmental impacts without loss of efficiency.
- Promote acceptance and implementation of ESG principles within our industry.
- Preserve and promote the universal call to action an end to poverty, protect the planet, and ensure that by 2030 all people enjoy peace and prosperity. human rights and welfare within our own business activities, as well as those of our supply chain, in accordance with our Monitoring and Enforcement and our Sustainable Development Goals statement.

The company seeks to proactively prevent and mitigate instances of non-compliance with this ESG policy.

- ⇒ If an employee or external party has an ethics-related question or concern, they are encouraged to contact the company.
- ⇒ If an employee or external party has a safety-related question or concern, they are encouraged to contact the company.

Equality and Diversity Policy Statement

CMG will ensure that no partner, customer, employee or job applicant is discriminated against or receives less favourable treatment on the grounds of:

Gender, race, colour, nationality, ethnic or national origin, disability, marital status, sexual orientation (including gay men, lesbians, bisexuals), gender re-assignment, responsibility for dependants, age, political activities, religious beliefs, spent offences or any other reason which cannot be shown to be justified.

CMG believes in a fair and diverse society that gives everyone an equal chance to live, work and learn free from discrimination, prejudice and harassment.

CMG also recognises that unfair discrimination affects people in complex ways and that, individuals and/or groups of people can suffer discrimination and receive less favourable treatment through multiple forms of discrimination. It also recognises that failing to recognise cultural diversity has an adverse impact on the business and the workplace

CMG strives to eliminate all forms of unfair discrimination. In order to do this, it recognises that this requires not only a commitment to remove discrimination, but also action through positive policies to redress the inequalities that may have occurred in the past.

CMG will strive to meet all its legal duties including those under the following and any subsequent legislation or regulations:

Equality Act 2010 (*this act notes and encompasses all listed below*)

Race discrimination – Race Relations Act 1976 (amendments 2000)

Sex discrimination – Sex Discrimination Act 1975 (including Gender Reassignment Regulations 1999

Discrimination on the grounds of gender, gender identity – Equality Act 2006

Discrimination against transgender people - Sex Discrimination (Gender Reassignment) Regulations 1999

Employment Equality (Sexual Orientation) Regulations 2003

Employment Equality (Religion or Belief) Regulations 2003

Disability discrimination – Disability Discrimination Act 1995 (amendments 2005)

Discrimination against people with criminal records - Rehabilitation of Offenders Act 1974

Discrimination against people belonging to a (particular) Trade Union – Trade Union and Labour Relations (Consolidation) Act 1992

Age Discrimination - Employment Equality (Age) Regulations 2006 European Union Directives and Codes of Practice.

Sexual Harassment - New duty requiring employers to take “reasonable steps” to prevent sexual harassment of their employees – (amendment to the Equality Act 2010 on 26th October 2024)

CMG EV-Hybrid Alternatively Powered Vehicle Statement

CMG is a professional, accredited vehicle transportation and vehicle roadside recovery business which recognised many years ago the importance of having all employed operational staff trained to a formal training programme regarding the safe handling of vehicles.

This now especially essential regarding the storage of alternatively powered vehicles such as electric and hybrid vehicles.

We are continually implementing Alternatively Powered Vehicle training courses for Electric and Hybrid powered vehicles at Level 2 and Level 3.

These have been sourced from readily accessible UK based, Recovery and Transport experienced EV & Hybrid vehicle training providers.

The Company's ongoing Training Plan objectives of ensuring that all employed operational staff are assessed to a Level 2 standard (*Assessed to work safely with low voltage systems*) is underway and has already in place 9 senior members of supervisory management and operators trained to the IMI Electric & Hybrid Vehicle Level 3 (*Assessed to work safely with high voltage systems and shut down*).

The ignorance of any potential clear and present dangers (i.e., electrocution and battery fire) through a lack of any information, instruction, and training of handling electric and hybrid powered vehicles by roadside recovery operators and transportation companies who willingly do so; subsequently risk their employees' health and safety whilst at work.

This we find is completely inexcusable.

Fire Procedures and Responsibility Policy Statement

In the event of fire, the safety of life overrides all other considerations, such as saving property and/or extinguishing the fire.

If a fire is discovered, the alarm should be raised immediately. This should be the first action taken on discovery of any fire, however small. CMG refutes the notion that the alarm should be raised only in the event of a large fire. All employees are empowered to take this action if they believe there is a fire; no authority should be sought from any other person. CMG will always support employees who operate the fire alarm system in good faith, regardless of whether or not it is ultimately determined that a fire existed.

Responsibility for summoning the fire service is outlined in the fire procedures. The person responsible is as stated on the fire action procedure notice displayed in every work location.

CMG does not require persons to attempt to extinguish a fire, but extinguishing action may be taken if it is safe to do so. Guidance on the circumstances under which fire fighting should be avoided or discontinued will be included in staff fire safety training.

Immediate evacuation of the building must take place as soon as the evacuate signal is given. All occupants, on evacuation, should report to the pre-determined assembly points, which is as stated on the fire action procedure notice displayed in every work location.

Re-entry of the building is strictly prohibited until the fire service officer in charge declares it is safe to do so. Silencing of the fire alarm system should never be taken as an indication that it is safe to re-enter the building. Employees should report any concerns regarding fire procedures, so CMG can investigate and take remedial action if necessary.

The Arrangements for Securing the Health & Safety of Workers

CMG will, in consultation with employees and their representatives:

- ensure any deaf persons on the premises are aware of the activation of the fire alarm, and that disabled persons are given assistance to evacuate the building
- appoint persons to be responsible for specific procedures in the event of fire, including:
 1. the person responsible for summoning the fire rescue service
 2. fire wardens
 3. those responsible for carrying out roll calls or supervising evacuation assembly points
 4. fire incident controllers responsible for liaising with the fire service on arrival
 5. security personnel

- regularly staged fire evacuation drills, inspect the means of escape, and test and inspect fire-fighting equipment and fire warning systems
- inspect the means of escape
- test and inspect fire-fighting equipment and fire warning systems
- provide adequate fire safety training to employees, plus specialist training to those with special responsibilities.

Safe System of Work

- Activate the nearest and/or safest fire alarm on discovery of any fire, however small. Do not wait until you have informed another person, such as a manager, control centre, fire warden, etc.
- If fire procedures involve informing a continuously manned location on site (like Control), do so, provided this action is undertaken from a place of safety after operating the fire alarm system.
- Do not rely on automatic fire warning systems. Summon the fire service without delay by the usual method as automatic methods of transmission can fail.
- Only attempt to extinguish a fire if it is safe to do so. Guidance on the circumstances under which fire fighting should be avoided or discontinued is included in staff fire safety training.
- Evacuate the building as soon as the evacuate signal is given. Employees should be familiar with the procedure through the staging of regular fire evacuation drills. Do not wait to conclude meetings or telephone calls or to collect belongings.
- Switch off any equipment which, if left unattended, may itself constitute a fire hazard.
- As you make your escape, close doors, particularly those designated as fire resisting doors.
- Report to the pre-determined assembly points. Do not re-enter the building until the fire service officer in charge declares it is safe to.
- Fire wardens. Check that each area of the building has been evacuated and report this to the nominated persons at the designated evacuation assembly points.
- Fire incident controller. Liaise with the fire service on attendance and arrange such assistance from the organisation as the fire service may require.

Summary Policy Statement

In the event of fire, the **three** most important actions are, in chronological order, to:

1. to raise the alarm
2. to summon the fire rescue service
3. to evacuate the building — attempts to extinguish the fire should only be made if it is safe to do so.

CMG Fraud Policy Statement

Background

1. CMG has a commitment to high legal, ethical and moral standards. All members of staff are expected to share this commitment. This policy is established to facilitate the development of procedures, which will aid in the investigation of fraud and related offences.
2. The Board already has procedures in place that reduce the likelihood of fraud occurring. These include standing orders, documented procedures and systems of internal control and risk assessment. In addition the Board tries to ensure that a risk (and fraud) awareness culture exists in this organisation.
3. This document statement, together with the Fraud Response Plan, is intended to provide direction and help to those managers and directors who find themselves having to deal with suspected cases of theft, fraud or corruption. These documents give a framework for a response and advice and information on various aspects and implications of an investigation.

Fraud Policy

4. This policy applies to any irregularity, or suspected irregularity, involving employees as well as consultants, vendors, contractors, and/or any other parties with a business relationship with this company. Any investigative activity required will be conducted without regard to any person's relationship to this company, position or length of service.

Actions Constituting Fraud

5. Fraud comprises both the use of deception to obtain an unjust or illegal financial advantage and intentional misrepresentations affecting the financial statements by one or more individuals among management, staff or third parties.
6. All Managers and Supervisors have a duty to familiarise themselves with the types of improprieties that might be expected to occur within their areas of responsibility and to be alert for any indications or irregularity.

The Board's Policy

7. The Board is absolutely committed to maintaining an honest, open and well-intentioned atmosphere within the organisation. It is therefore also committed to the elimination of any fraud within the organisation, and to the rigorous investigation of any such cases.
8. The Board wishes to encourage anyone having reasonable suspicions of fraud to report them. Therefore it is also the Board's policy, which will be rigorously enforced, that no employee will suffer in any way as a result of reporting reasonably held suspicions.
9. All members of staff can therefore be confident that they will not suffer in any way as a result of reporting reasonably held suspicions of fraud. For these purposes reasonably held "suspicions" shall mean any suspicions other than those, which are raised maliciously and found to be groundless.

1. Introduction

1.1 This plan deals mainly with the responsibilities of all staff in deterring losses. The document deals mainly with the internal response and actions that we need to take within the company to both deter fraud, and to respond to any suspicion of it that comes to our attention. That said, it is important to remember that fraud could be carried out by people outside the Company and we each of us need to be aware of this in our dealings with external parties.

1.2 Any suspicion of fraud will be investigated as set out in this plan. Any proven instance of fraud will result in disciplinary action being taken against any member of staff involved. It is the policy of CMG to notify the police in circumstances where there is evidence that a crime may have been committed.

2. What is fraud?

2.1 For practical purposes, so far as this document is concerned, fraud may be taken to mean the use of deception with the intention of obtaining an advantage, avoiding an obligation or causing loss to another party.

2.2 The essential elements of fraud are dishonesty, which can include non-disclosure of important facts, and deprivation or risk of deprivation.

2.3 The term is used to describe such acts as deception, bribery, forgery, extortion, corruption, theft, conspiracy, embezzlement, misappropriation, false representation, concealment of material facts and collusion.

3. Responsibilities

3.1 Individual members of staff are responsible for:

- Acting with propriety in the use of official resources and in the handling and use of company funds, whether they are involved with cash or payments systems, receipts or dealing with contractors or suppliers.
- Reporting immediately to their line manager or next most senior manager if they suspect that a fraud has been committed or see any suspicious acts or events.
- In addition to those individual responsibilities, managers are responsible for:
 - Identifying the risks to which systems and procedures are exposed.
 - Developing and maintaining effective controls to prevent and detect fraud.
 - Ensuring that controls are complied with.

4. Objectives of this Plan

4.1 The objectives of having a widely circulated and understood response plan are:

- To deter fraud by publicising steps that will be taken if any is discovered.

- To set out managers' responsibilities in this area.
- To set out clear guidance on the appropriate steps to be taken if employees become aware of, or suspect that, fraud may be taking place.

4.2 The steps set out in the plan have been devised with the aims of:

- Minimising delay in taking any appropriate action:
- Reducing the impact of any fraud which takes place.
- Ensuring that any possible frauds are investigated.
- Preventing or minimising losses of funds.
- Maximising the possibility and amounts of recovery.
- Identifying perpetrators of fraud and increasing the likelihood of successful disciplinary or legal action.
- Minimising the possibility of adverse publicity.
- Ensuring that lessons learned from any instances of suspected fraud are acted upon.

5. Reporting

5.1 Immediately that fraud is discovered or suspected, the matter should be reported to your line manager or a person nominated by them, who will cascade the issue upwards and include notifying HR for a decision on what further action is appropriate.

6. Immediate Considerations and Actions

6.1 The primary objective should be to ensure that funds are protected. So, the initial investigation should attempt to determine whether there is any possibility of further offences taking place. If there is thought to be any possibility of recurrence, then actions which should be considered include:

- Freezing bank accounts / pausing processes.
- Suspending BACS or cheque payments.
- Suspending individuals.

7. Enquiries

7.1 Enquiries into the possibility of fraud taking place should be begun without delay. Facts need to be established, steps taken to protect any individual who may have been unwittingly involved and to ensure that any evidence that is discovered can be used in any subsequent action that might be necessary. To assist in this, it may be appropriate to involve the Police where there is evidence that a criminal offence may have taken place.

8. Recovery Action

8.1 Prompt action is likely to be important in maximising recovery of any funds which have been lost or are thought to be vulnerable as a result of the fraud.

8.2 Consideration should be given to involving other parties such as:

- The Bank Manager to discuss the desirability or possibility of recalling BACS/CHAPS payments, cancelling cheque payments or processes.
- Company Accountants and Insurance experts

9. Disciplinary/Legal Action

9.1 Where evidence of fraud is discovered and those responsible can be identified:

- Appropriate disciplinary action will be taken in line with the disciplinary procedure, which is set out in the Employee Handbook.
- When legal action is considered appropriate, full co-operation will be given to investigating and prosecuting authorities.

10. Further Action

10.1 A full report on the circumstances and outcome of any fraud or suspected fraud will be produced and submitted to the Board. The report will cover the identification of any shortfall in current procedures which contributed to the incident, recommendations on actions which could be taken to prevent or reduce the effect of any future occurrence and who will be responsible for considering these.

CMG GDPR Statement

At CMG, we take data protection and privacy seriously. We are committed to complying with the UK General Data Protection Regulation (UK GDPR) and ensuring the security and protection of the personal data we collect and process.

Our Commitments:

1. **Data Privacy:** We respect your privacy and handle your personal data with care and transparency.
2. **Lawful Processing:** We only collect and process personal data when we have a lawful basis to do so and for specific, legitimate purposes.
3. **Data Minimisation:** We collect and retain only the data necessary to fulfil our purposes and minimise data collection whenever possible.
4. **Security:** We implement robust security measures to protect your personal data from unauthorised access, disclosure, alteration, and destruction.
5. **Transparency:** We provide clear and concise information about how we use your data through our privacy policy and notices.
6. **Data Subject Rights:** We respect your rights under the UK GDPR and ensure you can exercise them easily.
7. **International Data Transfers:** If we transfer data internationally, we ensure adequate safeguards are in place to protect your data.
8. **Data Protection Officer (DPO):** We have appointed a Data Protection Officer who oversees our data protection efforts.

How to Contact Us:

If you have any questions or concerns about how we handle your personal data or wish to exercise your data subject rights, please contact us at cmg-org.com (0800 282449)

Privacy Policy:

For more detailed information about our data processing activities, please refer to our privacy policy, which is available on our website [cmg-org.com].

Health and Safety General Policy

CMG believes that one of its most important functions is the prevention of accidents and ill health. We do not wish any of our employees or any other person to suffer as the result of activities or work processes. To this end, we intend to comply rigorously with all Health and Safety Legislation, Codes of Practice and best guidance and work methods available.

The Health and Safety Policy and manuals we have prepared indicate the ways in which we intend to meet with legal requirements.

Legislation requires that, as an employer, we prepare a statement of General Policy with respect to the Health and Safety of our employees, together with details of the organisation and arrangements that we have set up to carry out that policy.

Therefore, we provide, so far as is reasonably practicable:

- A safe system of work.
- Safe plant and equipment.
- Safe means of handling, transporting articles, substances and people.
- Adequate training, instruction, information and supervision.
- A safe place of work with safe access and egress.
- A safe and healthy environment.
- Adequate welfare facilities.

We also ensure, so far as is reasonably practicable, that the way we carry out our work does not affect the Health and Safety of persons who are not our employees, for example, visitors and contractors.

It is also recognised that where we produce articles and substances for use at work, or we erect or install any plant or equipment, we have a duty to ensure the Health and Safety of those who use them and make available all the required information for their Health and Safety.

We remind you, our employees, of your duty to look after your own Health and Safety and ensure that you do not endanger others and that you must co-operate with us, as your employer, in meeting our legal obligations.

Health and Safety Statement of Intent

1. It is our firm intention to enforce appropriate measures to control and monitor Health & Safety procedures as a vital part of running CMG as an efficient and successful operation.
2. Therefore, so far as is reasonably practicable, CMG:
 - a. Ensures that equipment and working practices are safe and offer no hazard and risk to Health & Safety.
 - b. Ensures that all necessary precautions are taken in respect of the safe use, handling, storage and transport of materials and substances.
 - c. Provides such information, instruction, training and supervision as is necessary to ensure the Health & Safety at work of all staff.
 - d. Maintains all places of work, work equipment and transport under its control in a safe condition, free from risk to Health & Safety.
 - e. Provides adequate facilities for the welfare of its staff.
 - f. Safeguards the Health & Safety of visitors, contractors and of any members of the general public who could be affected by its activities.
 - g. Provides all necessary information relating to Health & Safety in respect of procedures and services.
 - h. Reviews and updates the policy as and when necessary particularly in respect of major changes within the Company and / changes in legislation and brings these changes to the attention of the staff.
 - i. Ensure that all staff are mindful of their Health & Safety responsibilities and co-operate with management in its efforts to fulfil the above policy.
 - J. Ensures the policy is monitored in the workplace.
 - K. Expects all of our employees at all times to drive safely, efficiently, economically and with consideration to all other road users and pedestrians.

Assured

Cowan Recovery Limited t/as CMG &/or CMG Rescue Services &/or CMG Training Services
&/or CMG Logistic Solutions &/or CMG-rescue-me

Interest

This policy will apply in respect of the Legal Liability of the Assured arising in the course of the Assured's business.

Business Activities

Vehicle Transporter and Haulage Contractors including the carriage of Caravans, Motorhomes, Boats, Plant, Machinery, Equipment & Fuel Bowsers

Period

From: 30 April 2026 at 00:00 hours
To: 29 April 2027 at 23:59 hours

Local Standard Time at the address of the Assured

Territorial Limits

United Kingdom and Europe

TRADING CONDITIONS:

Legal Liability Uplifted to Full Value
CMR

NOTED CONTRACTS:

- 1) AVK (in respect of Generator Exhausts)
- 2) VCS

ADDITIONAL CONDITIONS:

1) Cover is extended to include siting, positioning, dismantling, movement and erection when accompanied by an associated transit for which they are contractually liable and only whilst in their care, custody and control but excluding consequential loss absolutely.

2) In respect of full value contracts it is a condition precedent to indemnification hereunder that the Assured undertakes all reasonable steps to ascertain that all employed subcontractors maintain sufficient and reasonable goods in transit insurance on a full value basis with limit(s) not less than the value of the goods to be transported under the contract and where appropriate shall request proof of insurance.

CRITICAL INFORMATION:

Estimated annual turnover of GBP11,688,002, split:
Vehicle Transportation: Movement by Own vehicle GBP5,305,000.00 , sub-contracted transits GBP3,345,000.00;

Marine Liability Policy No: 116863 DB

Caravan / Motorhome carriage: Movement by Own vehicle GBP787,000.00, sub-contracted transits GBP239,000;
 Plant & Equipment, agricultural machinery, fuel bowzers, tankers, airport service equipment & portable buildings:
 Movement by Own vehicle GBP930,000.00, sub-contracted transits GBP162,000.00;
 AVK Contract- Legal Liability uplifted to Full Value in respect of UK work: GBP400,000
 AVK Contract- CMR in respect of EU work: GBP300,000

Fuel Bowzers (500 / 1,000 / 2,500 litres) are carried as part of Plant & Machinery movements. All Bowzers are locked by owners pre-transit with the level noted on the transit documents.
 Hiab and crane vehicles are infrequently used for loading / unloading.
 Abnormal indivisible loads are infrequently undertaken.
 Cover excludes the Assured's operations for Vehicle Recovery / Rescue.
 Cover excludes the towing of machinery, plant or caravans on their own wheels / dollies

INFORMATION:

The Assured operates an online portal on which subcontractors can bid for vehicle transportation work / back-loads. Subcontractors are vetted to ensure they have adequate full value transit insurance with a minimum limit of GBP50,000.00 any one vehicle carried, prior to receiving access to the portal.
 Work passed to subcontractors is limited/restricted in accordance with the limits on the subcontractors' policies. If a subcontractor has a maximum limit of GBP50,000.00 then they will be restricted to carrying vehicles with a maximum value of GBP50,000.00.
 No vehicles valued in excess of GBP150,000.00 will be carried by subcontractors.
 The Assured will undertake thorough checks of all subcontractors, including but not limited to checking driving licences and secondary evidence of identity, pictures of the vehicles and registration numbers. Subcontractors with 'lower level' insurance will be subject to an interview (either in person or remote video).
 The Assured requests updated insurance documentation from each subcontractor at their annual renewal date.
 The Assured's contract with their subcontractor prevents the subcontractor from further subcontracting the work.

IT ACCESS POLICY

Table of Content

1	Introduction	3-4	Team Member / User Access
2	Definition, Purpose, Scope and Risks	4	User Registration
2	Physical Access	4	User Responsibility
2	Physical Access Buildings	4	Remote Working
2-3	Passwords	4-5	Network Access Control & Further information

1. Introduction

- 1.1 Information security is the protection of information against accidental or malicious disclosure, modification, or destruction.
- 1.2 Information is an important, valuable, asset of CMG which must be managed with care and all information has a value to CMG and our competitors or criminal actors.
- 1.3 Access controls are put in place to protect information by controlling who has the right to use different information resources and by guarding against unauthorised use. Formal procedures must control how access to information is granted and how such access is changed.
- 1.4 This policy also mandates a standard for the creation of strong passwords and their protection.

2. Definition, Purpose, Scope and Risks

2.1 Definition

- 2.1.1 Access control rules and procedures are required to regulate who can access CMG's information resources or systems and the associated access privileges. This policy applies at all times and should be adhered to whenever accessing CMG's information in any format, and on any device.

2.2 Purpose

- 2.2.1 The purpose of this policy is to prevent unauthorised access to CMG's information systems. The policy describes the registration and de-registration process for all CMG information systems and services.
- 2.2.2 These policies apply especially to new starters, leavers and those moving roles or responsibilities.

2.3 Scope

- 2.3.1 This policy applies to all information, information systems, networks, applications, locations and users of CMG or supplied under contract to it. This includes hardware such as laptops and mobile devices.

2.4 Risks

- 2.4.1 On occasion, CMG's information may be disclosed or accessed prematurely, accidentally, or unlawfully. Individuals or companies, without the correct authorisation and clearance, may intentionally or accidentally gain unauthorised access to CMG's information which may adversely affect day to day business. This policy is intended to mitigate that risk.
- 2.4.2 Non-compliance with this policy could have a significant effect on the efficient operation

of CMG and may result in financial and/or reputational loss and an inability to provide necessary services to our customers.

3. Physical Access

3.1 Physical Access is every individual's responsibility for any device they are issued or use to access CMG's systems.

3.2 Individuals are to:

- 3.2.1 Ensure that the location of device(s) issued to them are known at all times.
- 3.2.2 Ensure they follow the mandatory password access controls for devices in CMG's.
- 3.2.3 Prevent access to any CMG device or device accessing CMG's data from any person not authorised by CMG to access the device and data.
- 3.2.4 When they are not using the device, they must ensure that the device is locked and any display screen or any other access port available via the device must be made secure from unauthorised viewing or access prior to leaving the device.
- 3.2.5 Devices may not be left unsecured/unattended in the office at any time when there is no CMG employee present.
- 3.2.6 Devices that are to be left in the office for an extended period of time or overnight must be shut down to enforce password protection and room secured.
- 3.2.7 Access to physical network devices within the CMG office is restricted.
- 3.2.8 Access to the network room is controlled by IT & Support Services who maintains a controlled access entry process to maintain security.
- 3.2.9 Any suspected or known unauthorised access to a device must be reported immediately to Support Services.

4. Physical Access Buildings

- 4.1 Physical Access to the CMG's office is controlled and administered by Support Services.
- 4.2 Only CMG employees will be permitted entry unescorted to any CMG building or site.
- 4.3 Access to CMG is controlled by secure entry systems.
- 4.4 All visitors entering the building are required to sign in and out and be escorted.
- 4.5 Where an individual does not have knowledge of code access, reception/security will prevent further access to the building until their relevant manager has taken responsibility for that individual.
- 4.6 On termination of employment HR will process and deactivate credentials.
- 4.7 Any key issued must be returned to HR, their Line Manager or Support Services on termination of employment.
- 4.8 Cleaning staff are permitted access to CMG for cleaning only (*vetted staff only*) and are instructed to notify Support Services of any device found unsecured during their cleaning.

5. Passwords

5.1 Choosing Passwords

- 5.1.1 Passwords are the first line of defence for our IT systems and together with the user ID helps to establish that people are who they claim to be.
- 5.1.2 A poorly chosen or misused password is a security risk and may impact upon the confidentiality, integrity or availability of our information, computers and systems.

5.1.3 CMG are currently investigating software for deployment. The use of this software as a password manager is to generate and store a complex, unique password for all CMG IT systems. Once deployment has been carried out the use of this software will likely become mandatory.

5.2 Defining 'weak' and 'strong' passwords

5.2.1 A weak password is one which is easily discovered, or detected, by people who are not supposed to know it. Examples of weak passwords include words picked out of a dictionary, names of children and pets, car registration numbers and simple patterns of letters from a computer keyboard.

5.2.2 A strong password is a password that is designed in such a way that it is unlikely to be detected by people who are not supposed to know it, and difficult to work out even with the help of a computer.

5.2.3 Currently everyone must use strong passwords with a minimum standard of:

At least eight characters.

Contain a mix of alpha and numeric, with at least one digit.

Must have at least one upper case alpha character.

Is not based on anything, which could be guessed easily by someone or obtained from personal information such as name, telephone number or date of birth.

5.3 Storing Passwords

5.3.1 The best way to store passwords is by using a password manager which is why CMG are currently investigating the use of a such software. This, should we approve use will provide a central repository for passwords and promote good credential management, especially the creation of complex and unique passwords.

5.4 Protecting Passwords

5.4.1 It is of utmost importance that passwords remain protected at all times. The following guidelines must be adhered to at all times:

- Never reveal your passwords to anyone.
- Never write your passwords down or store them where they are open to theft. ^[1]_{SEP}
- Never store your passwords in a computer system without encryption.
- Do not use any part of your username within the password.
- Do not use the same password to access different systems. ^[1]_{SEP}
- Do not use the same password for systems inside and outside of work.

5.5 Changing Passwords

5.5.1 Default passwords must be changed immediately.

5.5.2 If you become aware or suspect that your password has become known to someone else, you must request change immediately and report your concern t your line manager.

6. Team Member Access

6.1 User Access Management

6.1.1 Each user must be allocated access rights and permissions to computer systems and data that;

- Are commensurate with the tasks they are expected to perform.

- Have a unique login that is not shared with or disclosed to any other user.
- Have an associated unique password that is requested at each new login.

7. User Registration

7.1 Access to CMG's information services is controlled.

7.2 Each user is identified by a unique user ID which will take the form of their individual company email address.

7.3 This unique ID will be used to grant access to any system or software so that users can be linked to and made responsible for their actions.

7.4 There is a standard level of access (email access, file access, authorised software, printing and document scanning), other services can be accessed when specifically authorised.

7.5 Access to all CMG systems is provided by CMG IT.

7.6 When a team member leaves CMG, their access to computer systems and data must be suspended at the close of business on the team members' last working day. It is the responsibility of the team members' team leader to request the suspension of the access rights to IT or HR

8. User Responsibility

8.1 It is a user's responsibility to prevent their user ID and password from being used to gain unauthorised access to CMG's systems by:

- Following the Password Policy Statements outlined above.
- Ensuring that any Laptop or PC or other device, when left unattended is locked or logged out.
- Leaving nothing on display that may contain access information such as login names and passwords.
- Informing a member of the HR or Support Services Teams if their role and access requirements change at any time.

9. Remote Working

9.1 Any mobile devices including laptops, tablets and phones that have access to CMG emails or data must use a VPN service when using a public Wi-Fi connection. CMG uses a mandatory VPN. Access is arranged via CMG IT.

10. Network Access Control

10.1 The use of non-authorised modems/routers/networking devices connected to CMG's network can seriously compromise the security of the network. The normal operation of the network must not be interfered with. Specific approval must be obtained from Support Services or HR in conjunction with CMG IT before connecting any network equipment to CMG's network.

10.2 User Authentication for External Connections

10.2.1 Where remote access to CMG's network is required, an application must be made via Support Services or HR in conjunction with CMG IT. CMG will be rolling out two-factor authentication for Remote access to the network. This which must be secured either by a supplied VPN from CMG or consisting of a username, password and one other component, for example, an OTP sent to a mobile phone.

10.3 Operating System Access Control

10.3.1 Access to operating systems is controlled by a secure login process. The access control defined in the User Access Management section and the password section must be applied. The login procedure, where possible, should also be protected by:

- Limiting the number of unsuccessful attempts and locking the account if exceeded.
- The password characters being hidden by symbols.

10.3.2 All access to operating systems is via a unique login ID that will be audited and can be traced back to each individual user. The login ID must not give any indication of the level of access that it provides to the system (e.g. administration rights). System administrators must have individual administrator accounts that will be logged and audited.

10.4 Application and Information Access

10.4.1 Access within software applications must be restricted using the security features built into the individual product. The access must:

- Be compliant with the User Access Management section and the Password section.
- Be separated into clearly defined roles.
- Give the appropriate level of access required for the role of the user.
- Be free from alteration by rights inherited from the operating system that could allow unauthorised higher levels of access.
- Be logged and auditable.

10.5 Software Installation

10.5.1 CMG controls and restricts the use of all utility programs (such as anti-virus, disk cleaner, file managers, screensavers, etc.) and other software programs by maintaining a compiled list of approved software.

10.5.2 This list is available on request from CMG IT.

10.5.3 CMG do not allow the use of untested and unagreed software. Any request must be submitted to Support Services who will discuss the procedure for testing and authorising requested software using CMG IT. An assessment will be carried out to determine if the desired software is suitable for CMG.

10.5.4 If confirmed, the software is added to the approved software list.

10.6 Applying the Policy - Privilege Management

10.6.1 "Special privileges" are those allowed to the system manager or system's programmers, allowing access to sensitive areas (for example, passwords, customer, or company data). The unnecessary allocation and use of special privileges is often found to be a major contributing factor to the vulnerability of systems that have been breached.

10.6.2 Privileged access must be requested and authorised by Jason Brice – Managing Director.

11. Further Information

11.1 Further information and advice on this policy can be obtained from the Support Services Manager.

LOGISTICS UK

Certificate of Membership

This is to certify that the company named
below is currently a member of
Logistics UK

Cowan Recovery Ltd T/A CMG

Member number: 21330

Member since: 1987

Renewal date: September 2026

Founded at the
Mansion House in the
City of London on
26th day of July 1889

A handwritten signature in black ink, appearing to read 'D Wells'.

David Wells
Chief Executive

Company Culture, Vision, Mission & Values

We will be recognised for our pride and professionalism in delivering innovative customer solutions and service excellence.

Openness and honesty

We draw on our huge depth and breadth of expertise to make sure we can be the best in what we do by working collaboratively as one team.

Trust and respect

We take the time to understand and listen to our colleagues and customers. We lead by example by keeping things simple, setting clear goals and achieving them.

Compassion

We're genuine and sincere and show consideration by supporting others when they need it most. We take personal responsibility for all our actions.

Integrity

We put our employees and customers first and act in their best interests. When things go wrong, as they will from time to time, we'll hold our hands up and work to put it right.

Fun

We like to enjoy ourselves too, we celebrate when we've done a good job and we recognise the achievements of our people.

CMG's high performing, agile, independent, and passionate staff achieve success, through customer obsessed focus.

Allowing individuals to interact whilst maintaining that professional element, which provides a self-sustained diverse environment, leading to social interaction which breeds growth by participation.

Company goals are driven by independent self-belief, thinking and behavior which drives engagement at every level throughout the company.

Achieve our mission by:

- Responding promptly to our customer's needs
- Satisfying all aspects of each contract with our customers
- Exceeding our customers' expectations
- Ensuring quality procedures are always appropriate and up to date
- Providing our employees with the working environment and training to discharge their assigned duties efficiently
- Communicating effectively with customers, subcontractors, and all other relevant parties
- Promoting CMG's reputation for excellence
- Being among the leaders in quality in our chosen fields

CMG Modern Day Slavery Policy

The scope of the policy applies to CMG, its subsidiaries, employees, franchise & manufacturing partners, suppliers of goods and services engaged in business with Cowan Recovery Limited t/a CMG

The policy covers Modern Day Slavery and Human Trafficking in accordance with the Modern Day Slavery Act 2015 and sets out the steps the company has taken to ensure that slavery and human trafficking is not taking place in our supply chains or in any part of our business.

Modern Day Slavery and Human Trafficking can take on many forms such as Slavery, servitude, forced labour, compulsory labour and human trafficking. This may manifest itself practically in instances of restricted freedom of movement or decision making by individuals, the provision of shared accommodations and central payment for services to a single person (for paying individuals later)

Such activities are an affront to human dignity, an offence in UK Law and completely contrary to the values of CMG.

CMG is committed to complying with its obligation under the Modern Day Slavery Act and other relevant legislation relating to the detection and prevention of modern slavery. In particular CMG is committed to implementing and enforcing effective systems and controls that seek to ensure that modern slavery is not taking place anywhere in its business or in its supply chains.

Policy

The company has zero tolerance to breaches in the Modern Day Slavery Act and has in place policies, processes, whistleblowing and auditing procedures to ensure that any organisation within the scope of our policy who transact business with CMG complies with it.

The company expects that any organisation within the scope of the legislation will also apply the same high standards.

Compliance

The company will maintain its compliance with the policy as follows:

1. Maintaining and updating HR policies in line with legislation and best practice
2. Following our CMG recruitment policies
3. Recruiting as a minimum to the National Minimum Wage level and achieving the National Living wage within 12 months of joining the company
4. Tracking, monitoring and preventing the risk of occurrence through diligent management.
5. Audit where applicable.
6. Investigating thoroughly any issues/concerns detected.
7. Apply sanctions against these supplier organisations who do not conform to legal requirements.
8. Communicating with employee
9. Provide appropriate / relevant training and guidance to employers
10. Provision of a confidential whistleblowing service

Procedure

Our recruitment process are transparent with appointments to the business approved by Directors. There are robust procedures in place for the vetting of new employees that enable us to confirm their identities and ensure they are both paid directly and correctly.

All departments entering into business relationships with suppliers, contractors and business partners are to at the outset of our business relationship with them provide them with a copy of this policy. Also, a completed Supplier Conformation Statement. (*see attached pro forma*) is to be completed. CMG Business Development will manage the relationships to retain evidence that this conformation has been obtained from the supplier, contractor or business partner with whom we receive supply or service from them.

Implementation

CMG will be responsible for implementing this policy, ensuring that all colleagues are aware of the policy by making it available on the company systems. CMG will 'train out' this policy during employee induction training.

Managers and their teams will be responsible for ensuring that CMG has a record for suppliers within the scope of this policy assigned CMG declaration of compliance.

Responsibility for the Policy

The board of directors has overall responsibility for ensuring this policy complies with our legal and ethical obligations, and that all those under our control comply with it.

Management at all levels are responsible for ensuring those reporting to them understand and comply with this policy and are given adequate training on it and the issues of modern slavery in supply chains.

The prevention, detection and reporting on modern slavery in any part of the company's business is the responsibility of all those working for the company or under the company's control. You are required to avoid any activity that may lead to a breach of this policy.

The company will introduce appropriate arrangements to monitor the application of and use of this policy, dealing with any queries about this policy, and auditing internal control systems and procedures to ensure they are effective in countering modern slavery.

Communication and Awareness of this Policy

The Board of Directors will communicate the policy in accordance with statutory legislation.

Training on this policy, and on the risk our business faces from modern slavery in its supply chains, forms part of the induction process for all individuals who work for us, and regular training will be provided as necessary.

Our zero-tolerance approach to modern slavery must be communicated to all suppliers, contractors and business partners at the outset of our business relationships with them and reinforced as appropriate thereafter.

Reporting of breaches

If you believe or suspect a breach of or conflict with this policy has occurred or may occur, you must notify your line manager or director. These breaches (suspected or actual) are to be passed to Business Development/Support Services departments so that they can be reported to the national authorities (as required by the National Referral Mechanism (NRM)).

You are encouraged to raise concerns about any issue or suspicion of modern day slavery in any part of the companies business as soon as possible. If you are unsure about whether a particular act, the treatment of workers or their working conditions within any of the companies supply chains constitutes any of the various forms of modern day slavery, please raise it with your line manager or alternatively by use of the whistle blowing process.

CMG will support anyone who raises a genuine concern in good faith under this policy. The company is committed to ensuring no one suffers any detrimental treatment or victimisation as a result of reporting in good faith their suspicion that modern day slavery is, or may be taking place in any part of our business or supply chain.

Breaches of the Policy

Any breach of our modern day slavery policy by any employee will result in use of the conduct code and could result in dismissal for gross misconduct.

The company will terminate any commercial relationships with suppliers if they are in breach of our policy and/or found to have been involved in modern slavery.

GOODS VEHICLE OPERATOR'S LICENCE

THIS LICENCE MUST NOT BE ALTERED OR DEFACTED IN ANY WAY

Issued to:

COWAN RECOVERY LTD

Company Organisational Structure

Policies Summary

We have placed a sample of our policies in this document which are shown over the next few pages.

Those not included can be found by sending a request to:

compliance@cmg-org.com

By making this information available we believe that we have made our company more transparent with information being readily available.

Stewart Usher
Support Services Manager

Privacy Notice

What is the purpose of this notice?

To describe how we collect and use personal data about you in accordance with the General Data Protection Regulation (GDPR).

What we need

CMG will be what's known as the "Controller" of the personal data you provide to us. We only collect basic personal data about you which does not include any special categories of personal information about you (known as Special Category Data). This does however include name, address, e-mail, telephone number, financial information (payment information such as a debit/credit card).

Why we need it

We need to know your basic personal data in order to *provide our services to you, process your requirement, tell you about our products and services, etc.* We will not collect any personal data from you we do not need to provide and oversee this service to you.

What we do with it

We only ever use your personal data with your consent, or where it is necessary:

- to enter into, or perform, a contract with you
- to comply with a legal duty
- to protect your vital interests
- for our own (or a third party's) lawful interests, provided your rights don't override these.

In any event, we'll only use your information for the purpose or purposes it was collected for (or for closely related purposes).

We may process personal information for certain legitimate business purposes, which include some or all of the following:

- where the processing enables us to enhance, modify, personalise or otherwise improve our services/communications for the benefit of our customers

- to identify and prevent fraud
- to enhance the security of our network and information systems
- to better understand how people interact with our websites
- to provide postal communications which we think will be of interest to you
- to determine the effectiveness of promotional campaigns and advertising.

Whenever we process data for these purposes we will ensure that we always keep your personal data rights in high regard and take account of these rights at all times.

When we process your personal data for our legitimate interests, we will make sure that we consider and balance any potential impact on you (both positive and negative), and your rights under data protection laws. Our legitimate business interests do not automatically override your interests - we will not use your personal data for activities where our interests are overridden by the impact on you (unless we have your consent or are otherwise required or permitted to by law). You have the right to object to this processing if you wish. Please bear in mind that if you object this may affect our ability to carry out tasks above for your benefit.

We are committed to ensuring that your information is secure. In order to prevent unauthorised access or disclosure we have put in place suitable physical, electronic and managerial procedures to safeguard and secure the information we collect online.

Social Networking – CMG operates a various interfaces on Social Media which have a dedicated ‘administrator’, who is responsible for managing and overseeing the content, however we do not accept responsibility for uploads by 3rd parties to this page which are out of our control. The administrator will ‘police’ the sites and take appropriate action as required. Any issues arising from content on these sites should be sent to the ‘administrator’ as soon as possible. The ‘administrator’ can be contacted on info@cmg-org.com

Where we keep it

We are based in the UK and we store our data within the UK. Some organisations which provide services to us may transfer personal data outside of the EU, but we will only allow them to do if your data is adequately protected.

For example, some of our systems use Microsoft products. As a US company, it may be that using their products result in personal data being transferred to or accessible from the US. However, we will allow this as we are certain personal data will still be adequately protected (as Microsoft is certified under the USA’s Privacy Shield scheme).

How long we keep it

We will only use and store information for so long as it is required for the purposes it was collected for. How long information will be stored depends on the information in question and what it is being used for. For example, if you ask us not to send you marketing e-mails, we will stop storing your e-mails for marketing purposes (though we'll keep a record of your preference not to be e-mailed).

We continually review what information we hold and delete what is no longer required. We never store payment card information. We will not retain your data for any longer than necessary and the longest time that we will hold your data will be six years.

What are your rights?

We want to ensure that you remain in control of your personal data. Part of this is making sure you understand your legal rights, which are as follows:

- the right to confirmation as to whether we have your personal data and, if we do, to obtain a copy of the personal information we hold (this is known as a data subject access request)
- the right to have your data erased (though this will not apply where it is necessary for us to continue to use the data for a lawful reason)
- the right to have inaccurate data rectified
- the right to object to your data being used for marketing or profiling; and
- where technically feasible, you have the right to personal data you have provided to us which we process automatically based on your consent or the performance of a contract. This information will be provided in a common electronic format.

Please keep in mind that there are exceptions to the rights above and, though we will always try to respond to your satisfaction, there may be situations where we are unable to do so.

If you wish to raise a complaint on how we have handled your personal data, you can contact CMG who will investigate the matter.

If you are not satisfied with our response or believe we are processing your personal data not in accordance with the law you can complain to the Information Commissioner's Office, the UK supervisory authority for data protection issues.

Quality Policy

It is the policy of the company to provide our customers with Total Customer Satisfaction that fully and consistently meets the agreed requirements and expectations of our customers.

The Quality Policy is implemented through the operation of the company Quality Management System, which meets the requirements of BS EN ISO 9001. We also ensure Safe Working of our employees in all areas of our business including Transport, Vehicle Breakdown and Recovery Operators, through use of PAS43 & NHSSD17.

The company is committed to the continual improvement and effectiveness of the Quality Management System operated within the business activity.

The company convenes regular management meetings at which quality objectives are established and the processes involved in achieving these objectives are monitored, as well as the progress achieved.

The only way to achieve and maintain this policy is for every employee, in whatever capacity, to perform his or her work to the highest standards at all times, to get it right first time every time, so that continual improvement of the company's systems and customer service can be achieved.

The requirements of this system are mandatory for all Company personnel and no unauthorised alterations or deviations are permitted.

The company aims to comply with and fully supports all Health & Safety at Work Act 1974, The Management of Health & Safety Regulations 1999 and Control of Substances Hazardous to Health Requirements 2002.

CMG RESCUE SERVICES

P.O. 600
Newport Pagnell
Buckinghamshire
MK16 8YR

0 0 2 1 2 0 5 - 0 0 0 RHA membership number

(hereinafter referred to as "the Carrier") is not a common carrier and accepts goods for carriage only upon that condition and on the conditions set out below (the Conditions). No servant or agent of the Carrier is permitted to alter or vary these Conditions in any way unless expressly authorised to do so in writing by a Director of, Principal of, or Partner in the Carrier, or by another person separately authorised by such a person in writing. If any provision or part-provision of these Conditions is or becomes invalid, illegal or unenforceable, it shall be deemed modified to the minimum extent necessary to make it valid, legal and enforceable. If such modification is not possible, the relevant provision or part-provision shall be deemed deleted. Any modification to or deletion of a provision or part-provision under this clause shall not affect the validity and enforceability of the rest of these Conditions. These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose, have agreed or incorporate, and to the exclusion of any terms which might be implied by trade, custom, practice or course of dealing. It is expressly stated to be the Customer's responsibility to read and understand these Conditions which will form the basis of the Contract under which any claims or disputes are settled. Customers are recommended to take professional advice and must arrange adequate insurance to provide full cover for the Consignment, and any liabilities they may be under in respect of it, when the Consignment is in transit.

1. Definitions

In these Conditions:

"Customer" means the person or company who contracts for the services of the Carrier, including any other carrier who gives a Consignment to the Carrier for carriage.

"Contract" means the contract of carriage between the Customer and the Carrier.

"Consignee" means the person or company to whom the Carrier contracts with the Customer to deliver the Consignment.

"Consignment" means goods – whether sent as a single item or in bulk or contained in one parcel, package or container, as the case may be, or any number of separate items, parcels, packages or containers – sent at one time in one load by or for the Customer from one address to one address.

"Dangerous Goods" means those substances and articles the carriage of which are prohibited by the provisions of the European Agreement Concerning the International Carriage of Dangerous Goods by Road (ADR) as applied in the United Kingdom, or permitted to be carried only under the conditions prescribed therein, as well as all other substances and articles of a nature or having characteristics which represent a hazard or danger to persons or property, or which include any radioactive or explosive material.

"Demurrage" means any cost or expense the Carrier suffers as a result of the improper, excessive or unreasonable detention of any vehicle, trailer, container or other equipment belonging to or under the control of the Carrier.

"Force Majeure Event" shall have the meaning set out in Condition 10(2)(c)

"In writing" includes, unless otherwise agreed, the transmission of information by electronic, optical or similar means of communication, including, but not limited to, facsimile, electronic mail or electronic data interchange (EDI), provided that the information is readily accessible and durable so as to be usable for subsequent reference.

2. Parties and Sub-Contracting

- (1) The Customer warrants that he is either the owner of the Consignment or is authorised by the owner to accept these Conditions on his behalf; and that he is similarly authorised by all those having a proprietary or possessory interest in the Consignment, to accept these Conditions on their behalf.
- (2) The Carrier and any other carrier employed by the Carrier may employ the services of any other carrier for the purpose of fulfilling the Contract in whole or in part; and the name of every other such carrier shall be provided to the Customer upon request. The Carrier may at any time assign, mortgage, charge, delegate, declare a trust over or deal in any other manner with any or all of its rights and obligations under the Contract, to the extent permitted by law.

- (3) The Carrier contracts both for itself and also as agent of and trustee for its servants and agents and all other carriers referred to in (2) above, and also as agent of and trustee for such other carriers' servants and agents; and every reference in these Conditions to "the Carrier" shall be deemed to include every other such carrier, servant and agent with the intention that they shall have the full benefit of the terms of this Contract, and collectively and together with the Carrier shall be under no greater liability to the Customer or any other party than is the Carrier hereunder.

- (4) Notwithstanding Condition 2(3), the carriage of any Consignment by rail, sea, inland waterway or air has been or will be arranged by the Carrier solely as agent of the Customer, and any such carriage shall be subject to the conditions of the rail, shipping, inland waterway or air carrier contracted to carry the Consignment. The Carrier shall be under no liability whatsoever, howsoever caused, to any person for such carriage: Provided always that where the Consignment is carried partly by road and partly by such other means of transport any loss, damage or delay shall be deemed to have occurred while the Consignment was being carried by road unless the contrary is proved by the Carrier.

3. Dangerous Goods

If the Customer does not disclose in writing and in advance that a Consignment contains Dangerous Goods, the Carrier shall be entitled to rescind the Contract. If the Carrier agrees to accept for carriage any Dangerous Goods so disclosed then the Customer must arrange for and ensure that the Dangerous Goods are classified, packed, marked, labelled and documented in accordance with all applicable statutory regulations for the carriage by road of the substance declared.

4. Loading and Unloading

- (1) Unless otherwise agreed in writing the Customer will be responsible for the loading of goods onto the vehicle and will also be responsible for the Consignee unloading the goods off the vehicle. The Carrier will not be responsible for any loss or damage to the goods arising from loading the goods onto or unloading them off the vehicle, or from the overloading of the vehicle or from the unsafe loading of the vehicle. The Carrier may, at its sole discretion, through its servants and agents provide assistance in loading or unloading the goods if requested to do so by the Customer or the Consignee or the agents of either. The Customer shall indemnify the Carrier from and against all and any loss, damage, death or injury that may arise whilst the loading or unloading operations is taking place whether or not such loss, damage, death or injury is attributable to the negligence of the Carrier, its agents or servants.
- (2) The Customer shall ensure that any cranes, fork lift trucks, slings, chains or other equipment used in loading or unloading the vehicle are suitable for that purpose and will indemnify the Carrier against any and all consequences of failure of or unsuitability of such equipment.
- (3) The Customer shall ensure that there is adequate access to the loading and the unloading points and that the roadways to and from the public highway are of suitable material and that unloading will take place on good sound hardstanding, where there will be sufficient space to load or unload the vehicle in safety.
- (4) The Carrier shall not be liable for any loss or damage whatsoever, howsoever caused, if the Carrier's personnel are instructed by the Customer or the Consignee or their servants or agents to provide service to an area which does not comply with Condition 4(3) above, whether or not against the recommendations of the Carrier or the Carrier's personnel.
- (5) The Customer shall indemnify the Carrier against all liability or loss or damage suffered or incurred (including but not limited to damage to the Carrier's vehicle) as a result of the Carrier's personnel complying with the instructions of the Customer or the Consignee or their servants or agents.
- (6) The Customer shall make available to the Carrier upon request details of any risk assessments which may have been carried out at the collection and/or delivery addresses. The responsibility for carrying out such risk assessments shall be that of the Customer and not of the Carrier.

5. Obligations of the Customer

The Customer warrants that:

- (1) The Consignment does not and will not: cause pollution of the environment or harm to human health; require any official consent or licence to handle, possess, deal with or carry; at any time whilst in the care or control of the Carrier constitute waste (unless the Carrier has been previously advised otherwise); and that the Consignment is of a nature that can be legally transported in the United Kingdom;
- (2) It will comply, and will procure that all of its agents, employees and sub-contractors also comply, with any reasonable regulations of the Carrier relating to handling, health and safety, and security, of which they are notified or have been notified; and
- (3) It will provide the Carrier with such information and materials as the Carrier may reasonably require in order to comply with its obligations under the Contract, and will ensure that such information is complete and accurate in all material respects.

- (4) If the Carrier's performance of any of its obligations under the Contract is prevented, hindered or delayed by any act or omission of the Customer or by any failure by the Customer to perform any relevant obligation (Customer Default), then:
- without limiting or affecting any other right or remedy available to it, the Carrier shall have the right to suspend performance of its obligations until the Customer remedies the Customer Default, and may rely on the Customer Default to relieve it from the performance of any of its obligations in each case to the extent the Customer Default prevents, hinders or delays the Supplier's performance of any of its obligations;
 - the Carrier shall not be liable for any costs or losses sustained or incurred by the Customer arising directly or indirectly from the Carrier's failure to perform or delay in performing any of its obligations as set out in this Condition 5(4); and
 - the Customer shall on written demand reimburse the Carrier for any costs or losses sustained or incurred by the Carrier arising directly or indirectly from the Customer Default.
- 6. Signed Receipts**
- The Carrier shall, if so required, sign a document or electronic record prepared by the Customer or its agent acknowledging the receipt of the Consignment; but the burden of proving the condition of the Consignment and/or its nature, quantity, quality, or weight at the time of that receipt shall rest with the Customer.
- 7. Transit**
- Unless otherwise agreed expressly between the parties, transit shall commence after the Consignment has left the premises from where the Consignment is collected.
 - Transit shall [unless it has terminated earlier] end when the Consignment arrives at the proper place of delivery at the Consignee's address within the customary cartage hours of the district, provided that:
 - if no safe and adequate access to that address exists, or if no safe and adequate unloading facilities exist there, then transit shall be deemed to end at the expiry of one clear day after notice (by letter, telephone, fax or email or other agreed method of communication) of the arrival of the Consignment at the premises has been sent to the Consignee or the Customer;
 - when for any other reason whatsoever a Consignment cannot be delivered, or when a Consignment is held by the Carrier on instructions 'to await order' or 'to be kept till called for' or upon any like instructions, and no such order is given within a reasonable time, or the Consignment is not called for and removed within a reasonable time, then transit shall also be deemed to end at the expiry of that reasonable time.
 - The Consignment shall be at the sole risk of the Customer at all times when the Consignment is not in transit.
- 8. Undelivered or Unclaimed Consignments**
- Where either of the provisos to Condition 7(2) operate such that transit is deemed to have ended, the Carrier may sell the Consignment; and payment or tender of the proceeds of sale to the Customer, after deduction of all proper charges and expenses in relation thereto and of all outstanding charges in relation to the carriage and storage of the Consignment, shall discharge the Carrier from all liability in respect of such Consignment, its carriage and storage:
- Provided that:
- the Carrier shall do what is reasonable to obtain a reasonable price for the Consignment; and
 - the power of sale shall not be exercised where the name and address of the Customer or of the Consignee or of the owner of the Consignment or of any other person having any proprietary or possessory interest in it is known; unless the Carrier shall first have done what is reasonable in the circumstances to give notice to such persons that the Consignment will be sold unless within the time specified in that notice, being a reasonable time in the circumstances from the giving of such notice, the Consignment is taken away or instructions are given for its disposal.
- 9. Carrier's Charges**
- The Carrier's charges shall be payable by the Customer, without prejudice to any rights the Carrier may have against the Consignee, or any other person, to secure or obtain payment: Provided however that when any Consignment is consigned 'carriage forward' the Customer shall not be required to pay such charges unless the Consignee shall, within a reasonable period of demand for payment having been made of it, have failed to pay the Carrier's charges.
 - Charges shall be payable when due without deduction or deferment on account of any claim, counterclaim or set-off. If the Customer becomes insolvent, or any sums owed by the Customer to the Carrier become overdue for payment, all credit terms previously agreed shall be cancelled with immediate effect and all invoices and accounts issued by the Carrier shall be deemed due for immediate payment and all sums owing (whether due or not) shall thereupon become payable. The Late Payment of Commercial Debts (Interest) Act 1998, as amended, shall apply to all sums due from the Customer.
- The Carrier shall use reasonable endeavours to obtain a signed proof of delivery of the Consignment from the Consignee, unless otherwise agreed with the Customer. No payment shall however be withheld by the Customer where the Carrier is unable to provide a proof of delivery unless notification of non-delivery is received by the Carrier no more than 48 hours after the expected time of delivery of the Consignment and the Carrier is subsequently unable to evidence proof of delivery.
 - The Customer shall pay to the Carrier any storage charges incurred as a result of it exercising its lien in accordance with clause 15 below.
 - If the Contract is cancelled at any time the Customer shall pay the Carrier all costs and expenses which the Carrier has incurred prior to such cancellation.
- 10. Liability for Loss and Damage**
- The Customer shall be deemed to have elected to accept the terms set out in sub-clause (2) of this Condition unless, before the transit commences, the Customer has agreed in writing that the Carrier shall be under no liability for loss of, or mis-delivery of or damage to or in connection with the Consignment, howsoever or whosoever caused, and whether or not caused or contributed to, directly or indirectly, by any act, omission, neglect, default or other wrongdoing on the part of the Carrier, its servants, agents or sub-contractors.
 - Subject to these Conditions the Carrier shall be liable for:
 - physical loss, mis-delivery of or damage to living creatures, bullion, money, securities, stamps, precious metals or precious stones comprised within the Consignment only if:
 - the Carrier has specifically agreed in writing to carry any such items; and
 - the Customer has agreed in writing to reimburse the Carrier in respect of all additional costs which result from the carriage of the said items; and
 - the loss, mis-delivery or damage is occasioned during transit and is proved to have been caused by the negligence of the Carrier, its servants, agents or sub-contractors;
 - physical loss, mis-delivery of or damage to any goods of a type not covered by sub-clause (a) above comprised within the Consignment, unless the same has arisen from a Force Majeure Event.
 - a "Force Majeure Event" shall mean any act(s), event(s), circumstance(s) or cause(s) the occurrence of which is beyond the reasonable control of the Carrier, including but not limited to:
 - act of God, riot, civil commotion, strike, lockout, general or partial stoppage or restraint of labour from whatever cause, war, act of terrorism, seizure or forfeiture under legal process, restraint of government;
 - error, act, omission, mis-statement or misrepresentation by the Customer or the owner of the Consignment or by any servant or agent of either of them;
 - inherent wastage in bulk or weight, faulty design, latent defect or inherent vice or natural deterioration of the Consignment;
 - any special handling requirements in respect of the Consignment which have not been notified to the Carrier;
 - insufficient or improper packaging, labelling or addressing, unless the Carrier has contracted to provide this service;
 - fire, flood, storm, earthquake, pandemic, or epidemic;
 - road congestion, road accidents, delays incurred at any delivery location or lack of delivery instructions from the Customer, vehicle breakdown;
 - The Carrier shall not in any circumstances be liable for any loss or damage arising after transit is deemed to have ended within the meaning of Condition 7(2) hereof, whether or not caused or contributed to, directly or indirectly, by any act, omission, neglect, default or other wrongdoing on the part of the Carrier, its servants, agents or sub-contractors.
- 11. Fraud**
- The Carrier shall in no circumstances be liable in respect of a Consignment in relation to which there has been fraud on the part of the Customer, the Consignee or the owner of the Consignment, or their servants or agents, unless the Carrier or of any servant of the Carrier acting in the course of his employment has been complicit in that fraud.
- 12. Limitation of Liability**
- Except as otherwise provided in these Conditions, the liability of the Carrier in respect of claims for physical loss of, mis-delivery of or physical damage to goods comprised within the Consignment, howsoever arising, shall in all circumstances be limited to the lesser of
 - the value of the goods actually lost or mis-delivered, at the place they should have been delivered; or the amount by which damaged goods have been depreciated in value by reason of that damage; or
 - the cost of replacing the goods actually lost or mis-delivered and/or reconditioning or repairing any damage to the goods; or
 - a sum calculated at the rate of £1,300 Sterling per tonne on the gross weight of the goods actually lost, mis-delivered or damaged;

and the value of the goods actually lost, mis-delivered or damaged shall be taken to be their invoice value if they have been sold, and shall otherwise be taken to be their replacement cost to the owner at the commencement of the transit, and in all cases shall be taken to include any Customs and Excise duties or taxes paid or payable in respect of those goods when lost, mis-delivered or damaged:

Provided that:

- (i) in the case of loss, mis-delivery of or damage to a part of the Consignment, the weight to be taken into consideration in determining the amount to which the Carrier's liability is limited shall be only the gross weight of that part, regardless of whether the loss, mis-delivery or damage affects the value of other parts of the Consignment;
 - (ii) nothing in this Condition shall limit the liability of the Carrier to less than the sum of £10;
 - (iii) the Carrier shall be entitled to proof of the weight and value of the whole of the Consignment and of any part thereof lost, mis-delivered or damaged;
 - (iv) the Customer shall be entitled to give to the Carrier notice in writing, to be delivered at least seven days prior to commencement of transit, requesting that the £1,300 per tonne limit referred to in Condition 12(1)(c) above be increased (but not so as to exceed the value of the Consignment) and in the event of such notice being given the Customer shall be required to agree with the Carrier an increase in the carriage charges, but if no such agreement can be reached the aforementioned £1,300 per tonne limit shall continue to apply.
- (2) The liability of the Carrier in respect of claims for any other type of loss, liability or damage whatsoever and howsoever arising in connection with the Consignment shall not exceed the amount of the carriage charges in respect of the Consignment or the amount of the claimant's proved loss, whichever is the less, unless:
- (a) at the time of entering into the Contract with the Carrier, the Customer declares to the Carrier a special interest in the avoidance of physical loss, mis-delivery or damage to the Consignment, and/or a special interest in delivery within a specified period, undertaking to pay such surcharge, referable to the declared value of that interest or those interests, as may be agreed with the Carrier, and
 - (b) at least 7 days prior to the commencement of transit the Customer has delivered to the Carrier confirmation in writing of the declared value of any special interest and of any agreed time limit, and of its agreement to pay the specified surcharge which it has agreed with the Carrier.
- (3) The Carrier shall not be in breach of the Contract nor liable for any delay in performing, or failure to perform, any of its obligations under the Contract if such delay or failure results from a Force Majeure Event.
- (4) The following types of loss or damage are wholly excluded, and will not under any circumstances be the subject of compensation by the Carrier:
- (a) loss of profits;
 - (b) loss of sales or business;
 - (c) loss of agreements or contracts;
 - (d) loss of anticipated savings;
 - (e) loss of use of, or corruption of, software, data or information;
 - (f) loss of or damage to goodwill;
 - (g) indirect or consequential loss;
 - (h) any fine imposed on the Customer by the Consignee or its customer.

13. Indemnity to the Carrier

The Customer shall indemnify the Carrier against:

- (1) all losses, liabilities and costs incurred by the Carrier (including but not limited to those incurred in connection with loss of or damage to the carrying vehicle or to other goods carried) as a result of any breach of these Conditions by the Customer or any party on whose behalf it has contracted, or by reason of any error, omission, mis-statement or misrepresentation by the Customer or owner of the Consignment or by any servant or agent of either of them, or by reason of insufficient or improper packing, labelling or addressing of the Consignment, or by reason of fraud on the part of the Customer, the Consignee or the owner of the Consignment, or their servants or agents (as referred to in Condition 11);
- (2) all losses, liabilities and costs arising from claims and demands by whomsoever made and howsoever arising (including, for the avoidance of doubt, claims alleging negligence or conversion, or by H.M. Revenue and Customs in respect of dutiable goods, or arising out of the carriage of Dangerous Goods) in respect of any loss of or damage to, or in connection with, the Consignment in an amount exceeding the liability of the Carrier under these Conditions in respect of that loss or damage, whether or not that loss or damage was caused or contributed to, directly or indirectly, by any act, omission, neglect, default or other wrongdoing on the part of the Carrier, its servants, agents or sub-contractors.

14. Time Limits for Claims

(1) The Carrier shall not be liable for:

- (a) physical loss of, mis- or non-delivery of, or physical damage to goods comprised within the Consignment unless advised thereof in writing within seven days after the termination of transit or the date on which the transit should have terminated;
- (b) any other type of loss unless advised thereof in writing within twenty-eight days after the termination of transit or the date on which the transit should have terminated.

Provided that if the Customer proves that,

- (i) it was not reasonably possible for the Customer to advise the Carrier or make a claim in writing within the time limit applicable, and
- (ii) such advice or claim was given or made within a reasonable time after the time at which it did become reasonably possible for the Customer to advise the Carrier or make a claim in writing.

the Carrier shall not have the benefit of the exclusion of liability afforded by this Condition.

- (2) The Carrier shall in any event be discharged from all liability whatsoever and howsoever arising in respect of the Consignment unless legal proceedings are issued and notice in writing thereof given to the Carrier within one year of the date when transit commenced.
- (3) In the computation of time where any period provided by these Conditions is seven days or less, Saturdays, Sundays and all statutory public holidays shall be excluded.

15. Lien

(1) The Carrier shall have:

- (a) a particular lien on the Consignment for all charges due to the Carrier for the carriage, storage and/or warehousing of the Consignment and for all other proper charges or expenses incurred in connection with the carriage of the Consignment, and
- (b) a general lien on the Consignment for any sums overdue and unpaid by the Customer, by the owner of the Consignment or by any other person having any proprietary or possessory interest in it, by the Consignee, or by any agent of these persons, on any invoice, account or contract whatsoever.

If the Carrier exercises a lien, but appropriate payment is not made within 14 days after notice that the payment is due has been given in accordance with Condition 8(2) above, the Carrier may sell the Consignment, or any part thereof, as agent for its owner and for those having a proprietary or possessory interest in it, and shall apply the proceeds towards any sums unpaid and towards the expenses of the retention, storage, insurance and sale of the Consignment and shall, upon accounting to the Customer for any balance remaining, be discharged from all liability whatsoever in respect of the Consignment.

- (2) The Carrier may exercise its lien on its own behalf or as agent for any assignee of its invoices at any time and at any place in its sole discretion, whether or not the contractual carriage has been completed, and these Conditions shall continue to apply during the period of exercise of such lien.
- (3) If the Consignment is not solely the property of the Customer, the Customer warrants that it has the authority of all those having a proprietary or possessory interest in the Consignment to grant to the Carrier liens as set out in Condition 15(1) above, and the Customer shall indemnify the Carrier for all claims and demands the Carrier may receive asserting that the Customer did not have that authority.

16. Unreasonable Detention

The Customer shall be liable to pay Demurrage, without prejudice to any rights that the Carrier may have against any other person in respect of any improper, excessive or unreasonable detention of any vehicle, trailer, container or other equipment belonging to or under the control of the Carrier.

17. Confidentiality

- (1) Each party undertakes that it shall not at any time disclose to any person any confidential information concerning the business, affairs, customers, clients or suppliers of the other party, except as permitted by these Conditions.
- (2) Each party may disclose the other party's confidential information:
 - (a) to its employees, officers, representatives, sub-contractors or advisers who need to know such information for the purposes of carrying out the party's legal obligations; and
 - (b) as may be required by law, a court of competent jurisdiction or any governmental or regulatory authority.

18. Law and Jurisdiction

Unless otherwise agreed in writing, the Contract and any dispute arising under it or in connection with it shall be governed by English law and each party irrevocably agrees that such dispute shall be subject to the exclusive jurisdiction of the English courts.

Risk Assessment & Safe Working Practices / Procedures **+ COSHH & Fire**

Risk Assessments, including Fire, General and COSHH are generated 'in house' and checked by our Operations Director then audited by:

- Ashleigh Associates.

The same applies to Safe Working Practices / Procedures.

As the number of these assessments and their relevant procedures are numerous and thereby producing large files, a dongle containing this information can be produced and made available on request.

Although the requirement for checking and updating is not required annually, CMG has taken the view that Fire and General Risk Assessments together with their relevant procedures will be checked annually.

We continually look at our operation and will add new or updated assessments as required rather than waiting for the annual review.

We have also taken the view that the COSHH risk assessments together with their data sheets will be reviewed on an ongoing basis and as new products appear.

CMG Supply Chain Charter Statement

CMG believe that procuring goods and services in a responsible manner delivers better value to our customers, improves resilience and reduces risk. All of suppliers are expected to comply with this charter and to support us in delivery social and economic benefits in our supply chain, helping delivery long-term sustainable value to our customers, key stakeholders, network and the wider community.

CMG Vision and Values

We aim to work with suppliers who do business in a sustainable manner and who share our core values.

Statutory compliance

Suppliers are expected to ensure they observe and comply with all relevant rules, regulations, laws and industry good practice including all relevant environmental, health and safety, anti-fraud, bribery, corruption, modern slavery, human trafficking and tax-evasion laws.

Health & Safety

Suppliers working with us must comply with relevant health and safety standards. Where appropriate we will audit compliance with agreed standards and look to drive improvements. We expect all suppliers to provide safe workplaces and to have in place effective health and safety management systems, appropriate for the nature and scale of their business and the goods or services they provide. We expect suppliers to be committed to ensuring compliance with health and safety law generally, as well as standards and codes specific to their area of business.

Suppliers' employees

Suppliers are expected to engage employees who have suitable qualifications and experience and to provide appropriate training and supervision so those employees can competently provide services to CMG. Suppliers must ensure employees are:

Aware of any of CMG's specified contractual requirements including all site-specific rules, regulations and safety plans and are provided with appropriate personal protective equipment where required

- Eligible to work in the UK (or any other country in which services are provided) and that all relevant permits, licences and right-to-work checks have been completed (including security clearances checked where relevant)
- Aware that reckless behaviour including the consumption of alcohol and/or narcotics will not be tolerated

Modern slavery

CMG is committed to preventing modern slavery and human trafficking from occurring within any part of our business and supply chain. We expect all our suppliers to share this commitment, to respect their people and offer a safe workplace that is free from harm, intimidation, harassment or fear.

We expect all suppliers to share information with us, on request, about the steps they are taking to ensure there is no slavery or human trafficking within their business or supply chain.

CMG Sustainable Development Goals (SDGs)

The Sustainable Development Goals (SDGs), also known as the Global Goals, were adopted by the United Nations in 2015 as a universal call to action to end poverty, protect the planet, and ensure that by 2030 all people enjoy peace and prosperity.

The 17 SDGs are integrated—they recognise that action in one area will affect outcomes in others, and that development must balance social, economic, and environmental sustainability.

UN GOAL 1: No Poverty - CMG work to pay the best rate possible for each role and are proud to be a real living wage employer.

UN GOAL 2: Zero Hunger - CMG work to pay the best rate possible for each role and are proud to be a real living wage employer. We ensure that we pay correct prices for supplies and question sourcing.

UN GOAL 3: Good Health and Well-being - CMG look to ensure that all our employees are given the very best environment in which to work backed up by occupational health services.

UN GOAL 4: Quality Education - CMG look to improve all employees' education with job specific training and where we can, assistance to 'off' the job learning as well.

UN GOAL 5: Gender Equality - CMG actively and fully support full gender equality throughout the whole operation. All roles within the company are open to anyone.

UN GOAL 6: Clean Water and Sanitation - CMG meet with all legislation in these issues.

UN GOAL 7: Affordable and Clean Energy - This is a constant issue in that all aspects of the business are always under review to ascertain that we are buying in the correct and sustainable energy supplies.

UN GOAL 8: Decent Work and Economic Growth - CMG work to pay the best rate possible for each role and are proud to be a real living wage employer. Given motivated employees and good working equipment / practices we move forward as a company.

UN GOAL 9: Industry, Innovation and Infrastructure - CMG are major players in the Rescue and Automotive Transport industry, actively working with organisations to build safe and effective working.

UN GOAL 10: Reduced Inequality - CMG do not tolerate any form of inequality for any reason.

UN GOAL 11: Sustainable Cities and Communities - CMG work to pay the best rate possible for each role and are proud to be a real living wage employer. We work with our local communities regularly providing transport, support and contributions.

UN GOAL 12: Responsible Consumption and Production - CMG seek only what is required and challenge suppliers to meet sustainable supply lines.

UN GOAL 13: Climate Action - CMG in line with industry capabilities seek to reduce emissions and unnecessary or unladen journeys, seeking to use the latest emission friendly (Euro6) vehicles and use of new technology vehicles as available, monitored fuel control, making use of utility supplier involvement with sustainable sourced energy and strict water usage control.

UN GOAL 14: Life Below Water - CMG are acutely aware of local waters and work to ensure all waste and contaminants are collected in certified & serviced interceptors.

UN GOAL 15: Life on Land - CMG seek only what is required and challenge suppliers to meet sustainable supply lines thereby ensuring that this will reduce any direct impact.

UN GOAL 16: Peace and Justice Strong Institutions - CMG are working towards a fully implemented and proactive Modern Slavery Policy process for us and our Network. This is work in progress. This will go some way to this point. We operate within ACAS guides.

UN GOAL 17: Partnerships to achieve the Goal - CMG operate a full network of support partners and in doing so seek to ensure this relationship both in all adjoining nations is strong.

CMG believe that by starting at home; by looking at our company and network / supply chain is the best way to work towards the UN's goals. We can support where we can and encourage all in this mission.

Terms & Conditions of Business

1. The Company

'The Company' means Cowan Recovery Limited t/a CMG and all customers hereby agree to be bound by these terms on their own behalf and (where applicable) on behalf of their principals.

2. Arbitration

Should a customer dispute any charge made by the Company in respect of work carried out or part(s) supplied then that dispute shall be determined by an arbitrator appointed by the institute of Arbitrators.

3. Collection

The Company will only release the vehicle to the customer after payment has been made, unless in writing by the customer to release the vehicle to the customer's agent who will arrange payment.

4. Completion Date/Time

While the Company will use its best endeavours to comply with any attendance / completion date/time suggested or stipulated the Company will not be bound to complete / attend. Any mention of any date / time shall be construed as no more than a guide or estimate and without prejudice to the generality of the foregoing no responsibility can be accepted for any delays caused by other means or the late supply of parts beyond the Company's control.

5. Driving or moving of Vehicles by the Company's Servants

Vehicles are driven or moved by the Company's servants or agents and the customer duly authorises them to do so.

6. Delays

CMG will do its utmost to attend / repair / deliver / collect the vehicle by the date and time requested, but cannot accept any responsibility for delays resulting from the non or late availability of spares, or other reasons beyond its control.

7. Estimates

A verbal estimate does not constitute an offer to do the work at that price quoted and is not to be taken as legally binding in any way, but only as an approximate guide to the cost of work undertaken. A written estimate given for the attendance / repair / collection / delivery shall be provisional and will be subject to variation in the price of parts material between the date of estimate and the date of service. It will also depend on further service or parts which are found to be necessary. A charge may be made for an estimate.

8. Guarantee

The Company will guarantee all repair work against failure of materials or workmanship for a period of three months or 3,000 miles, whichever first occurs, provided that the vehicle is taken back to the Company, or a third party repairer authorised by the Company. This EXCLUDES all roadside and temporary repairs.

9. Liability

a. The Company will take responsible care of the vehicle, while in its custody. This duty does not extend to items of personal property or business goods left in the vehicle. Customers should therefore ensure that all valuable items of personal property or business goods are removed from the vehicle prior to storage or commencement of repairs.

b. Where by agreement with, or on the instructions of the customer, the vehicle is left outside the Company's or other premises, before or after normal business hours any risk or damage howsoever occasioned, will be the customers responsibility.

10. Lien

The Company shall have a general lien over all property of the customer lawfully in its possession for the indebtedness of the customer to the Company. The Company shall also have a right of sale by public auction without reserve over all such property if such indebtedness is not paid within 3 months of being notified by letter sent Recorded Delivery to the customers last known address. Following such a sale the Company will after deducting all sums due pay the balance (if any) of the proceeds to the customer.

11. Payment

a. Cash Customers. Unless other arrangements have been agreed, all repairs & charges must be paid in full before collection. Payment can be made in cash or by Debit / Credit Card. Handling charges for Credit Cards will be applied at the rate applicable (as stated in on the Company notice boards) at the time of the enquiry of the said notice.

b. Account Customers. Unless other arrangements have been made, all payments are due by the 20th day of the month following the date of invoice.

c. Suppliers. Unless other arrangements have been made, all payments due will be made by the last day of the month following the month in which the invoice is dated.

Payment can be made by cheque or BACS.

In respects of all goods supplied by the Company on credit or upon payment by cheque, the legal title to such goods shall remain the Company's until payment has been received in full; CMG may not release a vehicle or goods until payment has been cleared.

12. Restrictions

The Company reserves the right to refuse to carry out any work on any vehicle which, in its opinion, it considers to be unroadworthy or work which would make the vehicle unsafe. It may refuse to carry out work which might have a detrimental effect on other parts of the vehicle. The Company reserves the right not to carry out any action which is unlawful or may lead to prosecution of the Company or Company employee.

13. Replacement parts

All parts replaced, other than those exchanged replacement parts, or those subject to a warranty claim, become the property of the Company unless the customer requests their return prior to commencement of repairs.

14. Storage Parking

If the vehicle is not collected or arrangements are not made for collection notification in writing, daily storage charges at the rate applicable (as stated in on the Company notice boards) at the time of the enquiry of the said notice, may be imposed as if the vehicle had been left for storage..

15. Third Party Contract Obligations

Where third party contractual obligations occurs i.e. Police Contract Scheme, then the terms and conditions which apply within will be operated.

16. Sub-Contract

The company is entitled at all times and without giving notice to the customer to sub contract all or any part of the servicing, repair, roadside assistance, recovery, collection, delivery and any other maintenance work the subject of this contract to a specialist or other repairer.

17. Uncollected Goods

The Company may exercise its rights as regards uncollected goods under the Torts (Interference with Goods) Act 1997 and if the goods are not collected when the work is completed or before any notice to that effect expires, the Company may proceed to sell the goods subject to any notice under the Act. In this event the vehicle will be sold at best market price and after deduction of the cost of work carried out, plus any other charges and expenses in connection with the sale, the balance will be returned.

18. VAT

Any VAT on the estimate is at the rate in force at the time the estimate was prepared. The VAT charged at point of sale will be at the rate applicable at that time. Vat will be charged at the rate in force on all invoices that are VAT applicable.

Training Policy Statement

Training Policy Statement: CMG recognises that Training & Development of Management and employee's is a major priority. Internal processes are designed to meet our needs as an employer, to satisfy identified organisational requirements & to fulfil the needs of the individual.

Aims: The aims of training are to ensure that all employees are given the necessary help to develop the knowledge, skills & attitude required to carry out their jobs efficiently and to provide every opportunity for career development.

Commitment to Training & Development: The ultimate responsibility for training lies with the Managing Director and that this person shall provide adequate resources to facilitate the various departments to carry out strategic planning for training and development to ensure that the commitments stated in this policy are met.

Company Strategy: is to secure an ability-based workforce where the decision to employ is based upon the philosophy of "the best person for the job" and on individuals meeting the requirements of the job criteria.

Progression & development: is based on merit & wherever possible being given the help needed to attain their full potential to the benefit of the company & themselves.

Focus: to create a workforce which is capable of meeting new challenges, is skilled & competent in all aspects and motivated to strive toward the companies objectives and targets.

Induction Training: is given to all new employees to familiarise them with the policies, procedures, practices and to illustrate their role, responsibilities and position within the company

Process Training: individual training, both internal and external as required is conducted for all employees to give basic knowledge required. On-going training is conducted as the individual's skills and experience develop.

Health, Safety & Equal Opportunities: the policies and procedures implemented by CMG are designed to protect both the company and the individuals for legal obligations and company requirements. All employees are trained in these aspects through the induction process, policies & procedures.

Continuous Training & Development: employees are seen by CMG as its greatest asset and helping them to develop is crucial to the achievement of the organisations goals. They are expected to take responsibility for their individual effectiveness, personal and career development, so all training practices and procedures endeavour to support the individual to achieve these goals.

Personal Development: appropriate, job related further education is considered an important element of career development and as an asset to the company. Employees are encouraged to make full use of internal and external resources available

Individual Training Records: are maintained for all training and personal development to indicate the achievement of progress, objectives and to assist in the identification of further training needs. A central database showing expiry dates of certification is maintained. Driver based employees are encouraged and assisted to maintain their Driver Certificate of Professional Competence required hourage. Many vocational courses planned and delivered by CMG will attract DCPC hourage.

Training Needs: are reviewed continually not only by the relevant department Director, but also by their managers discussing the nature of the work and liaising with Support Services and thereby the training department. These needs are identified at the recruitment, induction, appraisal or promotion stages. The needs are identified as both statutory and key areas of work which could be assisted by training and development. It is also a means for an employee to develop and to improve their performance and professionalism within the company.

Training Centre: CMG maintain a fully operational training centre.

Trainers: CMG only utilise the services of registered and competent training delivery persons and companies. CMG actively encourage the role of coaching with the required assistance and guidance being given to the coaches.

CMG Vulnerable Customer Policy

This CMG Vulnerable Customer Policy is designed to ensure that the way in which we conduct our business does not have a detrimental impact upon vulnerable customers. For the purposes of this policy, vulnerable customers are customers and prospective customers whose ability or circumstances require us to take extra precautions in the way that we provide our services to ensure that they are not disadvantaged in any way.

What is a vulnerable customer?

A vulnerable customer can be defined as “someone who, due to their personal circumstances, is especially susceptible to detriment, particularly when a company is not acting with appropriate levels of care.”

It is expected that we treat all our customers fairly and when dealing with people with vulnerable circumstances to take account of such vulnerability to ensure that the way that we provide our services does not cause them detriment.

Identifying a vulnerable customer

Our employees are trained to identify vulnerable customers and to provide the additional level of assistance they may require in order to achieve a good outcome. However, it is not always easy to recognise these characteristics. Therefore, if you believe you meet the criteria for a vulnerable customer, please read this statement and notify us as soon as possible of your particular needs. You are encouraged to do this when you first make contact with us.

Vulnerability groups

We recognise that certain groups of customers may be vulnerable. Whilst not all customers in these groups may be vulnerable, we will consider a customer's individual circumstances where a potential vulnerability is identified. These groups may include, but are not restricted to:

- Customers with communication difficulties (including learning difficulties and English not being their first language, dyslexia)
- A customer with a reduction in physical or mental capacity
- Customer with health issues – illness, whether physical or mental illness, severe or long term
- A sudden diagnosis of serious illness to the customer or close family member
- The customers age particularly older and younger people. For example, a younger person may be considered inexperienced, and the older person may be less technologically able.

Our key principles when engaging with a vulnerable customer

As soon we think we may be engaging with a vulnerable customer, whether this is through our identification or you are approaching us, we will:

- Immediately make a record of this in our job management system. (*Updating the log as the situation updates*)
- Ensure we adhere to this policy and communicate required information to the attending driver/service.
- Identify the customer location to ascertain if it is dangerous. Prioritise the job as required.
- Understand any medical issues being raised and the implications of such to the intended service.
- Provide additional opportunities for you to ask questions about the information we have provided
- Continuously seek confirmation that you have understood the information that has been provided
- Ask if there is anybody with you who is able to assist.

If we can't help a customer, we will try and make sure that they understand what alternative options are available to them.

Certificate of Registration under the Waste (England and Wales) Regulations 2011

CMG Work Safe (policy statement)

It is CMG t/a Cowan Recovery Limited (CMG will be referred to as the company herein) policy to encourage feedback from its operatives and subcontractors on any issue that will improve the safety, security and efficiency of the works in any situation.

In pursuit of this policy, the company will never penalise an individual who refuses to work because they reasonably consider they or others are exposed to unreasonable risk or there is an unreasonable risk to the environment.

The company will adopt the following steps in support of its stance on this issue:

- We teach during induction that operatives are encouraged to bring to the attention of supervisors, safety staff or management any issues they feel compromises their health, safety or welfare, at any time.
- It will be made plain that no penalty or imposition will be incurred by the individual, even if their concerns proved to be unfounded.
- As a matter of course, the person in charge of any works on behalf of the company will continually monitor their safety in liaison with customers, other contractors, individuals and enforcing authorities charged with ensuring the safety of the work.
- If a safety issue is brought to the attention of the person in charge, from any person under the control of the company or otherwise, they will immediately investigate this and take whatever steps are reasonably necessary to ensure the risk of harm has been removed or reduced to an acceptable level.
- Initiatives adopted by the company, including 'tool box' talks, formal safety training and job briefings will be used to remind all individuals of the 'Refusal to Work on the Grounds of Health, Safety and Environmental
- Concerns can be reported confidentially in line with the company Whistleblowing policy.

Any employee who considers that their health and/or safety or the safety of others is being unnecessarily or unreasonably threatened by an unsafe work practice, location or environment has the right to stop work and request changes to eliminate or reduce the perceived risk.

The department responsible for the supervision and direction of the work will investigate the complaint using the correct process, and if justified, take such measures as are necessary to reduce the risk to an acceptable level.

If an employee still reasonably considers the risk to be unacceptable, they may vacate the work area and refuse to work until the risk is reduced to an acceptable level. Persons invoking this procedure are protected from any associated disciplinary action and will not be subjected to discrimination or disciplinary action.

In the event of no substantive evidence of the concerns being justified, the complainant will be asked to carry out the task. In the event of the concerns being justified the work will be suspended until a safer method can be found. The company and its management team fully support this policy and are committed to provide competent personnel and financial resources to implement it.
