# What is Outdoor Connex?

Outdoor Connex is a NEW range of versatile and modular outdoor dining structures that can help you both expand your capacity, and utilise your on or off-street dining space, all year-round. Paired with the market leading Ziptrak® blind system, Outdoor Connex can transform any open area into a first-class dining experience, no matter what the weather brings.

We have stock ready to go, so contact us today and find out how we can provide a solution to enhance your dining area.

## How Your Business Will Benefit with Outdoor Connex

**Blinds:** Full enclosure achieved through six Ziptrak® blinds (3m wide x 2.4m drop)

**Warranty:** Limited product warranty includes 15 years for frame

# Four Ways Outdoor Connex Can Help your Business Thrive

## 1. A Reason for your customers

Unpredictable weather and temperatures that are too hot or too cold can often turn customers away. With Outdoor Connex, your customers will experience 100% weather protection, climate comfort and seclusion all year-round.

## 2. Make the most of all space available

Upgrade any outdoor space you can't use due to bad weather. With an Outdoor Connex structure paired with Ziptrak® blinds, you can offer an additional 14-16 seats in any type of weather.

In most instances, the structurally certified Outdoor Connex range does not require a DA submission (circumstances may vary), making installation a quick and easy process.

## 3. Crowds create trends and trends create crowds.

The world over, eating districts are introducing a new on-street dining experience with outdoor structures. Tap into the demand for a year-round, casual, yet comfortable, outdoor dining experience that's cool in Summer, comfortable in Winter and protected from the elements.

## 4. Impress your customers with a desirable look and experience.

You know the saying, 'we eat with our eyes'? We also choose where we dine based on what pleases the eye. Outdoor Connex will attract attention and customers.

Outdoor Connex structures are designed to add a sleek, modern look and be strong, stable and reliable. They are made with proven, durable, Australian made materials, backed by a comprehensive product warranty.

# Accessory

## List
