

A.J. DAVIDOFF LLC

Geologic and Geophysical Consulting Services for
The Legal, Renewable, and Oil and Gas Industries

Michael S. Fenton, MBA

Environmentalism, Petroleum Engineering, and Energy Finance

Mike Fenton has more than 25 years of drilling, completion, and reservoir engineering experience in both conventional and unconventional operations. Having served as President of his own consulting firm, he was also Vice President of Operations for several exploration and production companies, particularly in the Permian Basin and the East and Gulf Coast Regions of Texas. An ex-service member of the US Army, Mr. Fenton holds an MBA from Texas Southern University, and BS degrees in Petroleum Engineering from the University of Texas and Environmental Science from the University of Colorado.

Mike Fenton's unique combination of technical expertise, business acumen, and leadership experience makes him a valuable asset in the oil and gas industry. His dual background in petroleum engineering and environmental science reflects a balanced approach to energy production and environmental stewardship.
