Threshold
Side View

Installation Notes:

Flanges (part B) install directly to walls studs.
Shower walls must be notched around the threshold and scribed to the pitch of the pan.
See complete Syn-Mar installation instructions for more information.

Side Cut-View:

A: 1.5" Pan Thickness (varies dependent on drain location and overall size of base).

B: 2.5" Flange.

C: 3" Threshold Width.

D: 2" Threshold Height.
