FEAST DAYS EXPLAINED

St. Valentine - February 14

- St. Valentine of Rome is the patron saint for beekeepers, people with epilepsy, travelers, young people, helping end plagues (we need his prayers now), and of course, the patron saint of love, engaged couples, happy marriages, and those looking for their holy spouse.
- Valentine was a priest in Rome who lived in the third century after Christ.
- He was jailed by the Roman Emperor Claudius II, for his deceit in not obeying the emperor's demand to stop performing Christian marriages.
- St. Valentine wrote letters to Claudius's daughter from prison and miraculously healed her from blindness.
- His final letter to Claudius's daughters was signed "From your Valentine". In 296 AD, the emperor had him tortured and killed.
- Valentine became a saint in 496 AD and has been celebrated on February 14th for love and Christian marriages ever since.

GOSPEL: MATTHEW 5:20-37

God's rules stop you from hurting yourself and the people around you. God knows that if you really love him, you will want to follow his rules. You will trust him. You will want to be thoughtful and kind. You will want to love people the way God does.

PRAYER: God, help me to follow your rules with my whole heart.
