Children's Mission of the Week:
Ask your family if you can visit somewhere to look through a special telescope, so you can see the stars God made.

FEAST DAYS EXPLAINED

Elizabeth Ann Seton - January 4

The patron saint of Catholic schools, St. Elizabeth Ann Seton (August 28, 1774 – January 4, 1821) was born in New York City to a prominent family of the Episcopal faith. When she turned 19, she married a wealthy businessman with whom she had five children. He later died of tuberculosis in 1803, leaving her a young widow. After discovering the Catholic faith in Italy, where her husband had died, she returned to New York and converted to Catholicism in 1805.

St. Elizabeth Ann Seton was canonized September 14, 1975 in St. Peter's Square by Pope Paul VI and was the first citizen born in the United States to be given the title of "saint."

GOSPEL: MATTHEW 2:1-12

When Jesus was born, angels sang. I'll bet you never thought stars could sing for Jesus, too. But the stars in the sky sang in their own way, just by moving and twinkling in the sky. The Savior was born. Jesus was the King that God's people had been waiting for. Magi who had been watching the sky saw a star much brighter than the rest. They followed that star until they found Jesus, and they worshipped their new king.

PRAYER:

Dear God, thank you for making the stars move and twinkle in a special way, so that the Magi could find Jesus.

ACTIVITY:

Can you draw the second half of this star?
