

Convert Clicks Into Patients With Our **LEAD MAGNET & NURTURING SYSTEM**

Attract, capture, and cultivate high-quality patient leads 24/7 – without adding work to your day. Launch a branded pop-up with an attention-grabbing offer, collect your prospects' name, email, and phone information, and funnel them through a six-touch email-and-text cadence to help fill your schedule!

Jump-Start Patient Growth With Our Proven System

Engaging Content

High-converting communications highlight your brand and services while appealing to your prospects' goals.

Automated Cadence

Targeted messaging sent at strategic intervals keeps your practice – and offer – top of mind.

In-Depth Tracking

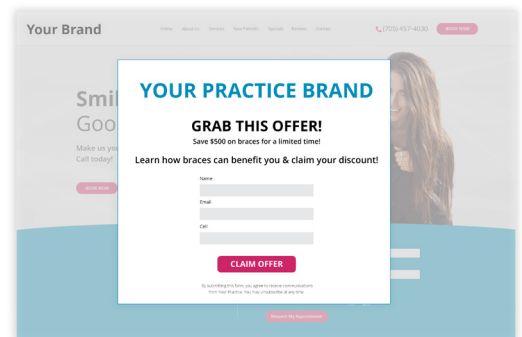

Open rates, click-through, and conversion are all tracked and reported.

Seamless Integration

Our system automatically recognizes when a patient converts and removes them from automated cadences.

Capturing Prospects

New, non-converting leads are moved to your monthly eNewsletter cadence (for practices with this feature activated).

The Patient NEWS Difference

Zero Learning Curve

We build, launch, and monitor everything, so you can stay focused on patient care.

Spot-On Branding

Every asset is designed to mirror your practice's branding and approach.

24/7 Lead Follow-Up

Capture attention instantly – automated messages turn clicks into new patients.

Multichannel Power

Combine with SEO, paid media, newsletters, and more for improved growth!
