

"CAREFULLY SELECTED PARTICLES"

A JOURNEY THAT BELIEVES IN THE POWER OF COLORS...

It all started in 1969 with a vision dedicated to quality and trust. Born in the heart of Anatolia, BPC; set out to bring not just a product to the powder coatings sector, but also quality and a passion.

Over time, production has become an art for us, not just a process. When we produce our own colors, we actually color our customers' stories too.

LOCAL POWER IN WORLD STANDARDS

Every detail in our factory is a reflection of respect for quality. Today, In our 6,000 m² modern production facility, we have reached a capacity of 9,000 tons per year. We shape each tone with passion and mastery.

We carry out all our production according to international standards and aim for perfection at every step with our quality management system. We have gained a solid place for ourselves in the European market. Our products have been tested in different climatic conditions and offer solutions that do not compromise on durability and aesthetics.

***In other words, BPC products do not only powder;
they also protect, reflect and keep alive.***

"CAREFULLY
SELECTED
PARTICLES"

We act by considering not only today's needs but also tomorrow's needs. With our constantly developing technology and customer-oriented approach, we offer special solutions for each project and continue to grow together with our business partners.

**Because for us,
every color
leaves a trace.**

INNOVATIVE SOLUTIONS

Powder Coatings Product Range

BPC powder coating technology produces solutions suitable for customer needs. We have the experience to produce various types of powder coatings to meet the demands of our customers.

Surface Options

- Smooth
- Texture
- Wrinkle
- Transparent
- Fluorescent
- Pearl Looking
- Special Effects
- Wood Effects
- Special Colors
- Hammertone

Gloss Options

- Glossy
- Semi Glossy
