

Bathroom Remodel Preparation Checklist

1. Clear the Space

- Remove all personal items from the bathroom (toiletries, towels, decor, etc.).
- Take down any shelves, mirrors, or wall-mounted items that may get in the way.
- Empty under-sink cabinets and storage units.

2. Prepare Your Home

- Make sure there's a clear path from the entrance to the bathroom.
- Protect flooring in hallways or areas the team will access.
- Inform household members of temporary bathroom changes during the work.

3. Choose Fixtures and Materials

- Confirm your choice of bath, shower, toilet, taps, and fittings.
- Select your preferred tile type, colour, and layout.
- Let us know if you want extra features like underfloor heating, lighting, or smart tech.

4. Understand the Process

- Our team will handle all plumbing, electrical, tiling, and installation work.
- We'll update you daily on progress and timelines.
- Expect some noise and dust - but we'll do our best to minimise disruption.

5. Final Checks

- Confirm access times and key handover if necessary.
- Keep your phone on in case we need to contact you during the work.
- Ask us any final questions - we're here to help!
