

Dear Mrs Tibbs

I would like to help raise money for the Yorkshire Air Ambulance and read the help of our amazing school. The Yorkshire Air ambulance is funded entirely by the generosity of the public and relies on the charitable donation of individuals to help save lives across Yorkshire.

Did you know? It costs €19,000 per day to keep their helicopters running? I would like to suggest that we could all come to school in our Pajamas and ask everyone to donate €1 to help raise money towards helping save lives and keeping the helicopters in the sky.

You never know one day we might need it. Thank you for reading my letter.
Lennie-George Morrison.
