

Mental Health and Emotional Wellbeing Policy

Our Vision is taken from John 10:10, "I have come so that you may live life to the full"

Therefore, this is reflected in this policy through ensuring robust procedures are established to support everyone's Mental Wellbeing and therefore enable all to flourish

The Staff and Governors of Dacre Braithwaite CE Primary School consider the emotional health and wellbeing of all children and staff as being extremely important in our modern-day world.

Our school values and aims provide a caring and supportive ethos for all members of our school community, where each individual and contribution is valued.

We know that everyone experiences life challenges that can make us vulnerable and at times, anyone may need additional emotional support. We take the view that positive mental health is everybody's business and that we all have a role to play within our whole school family.

Identifying children's needs and warning signs

Staff wellbeing is promoted through regular opportunities to review workload and approaches to working within our school, as well as through completing anonymous Staff Questionnaires.
