Calm Horse has been expertly formulated to provide a slow release of energy with the ultimate nutrition, perfect for your fizzy horse.

With our high fibre, low-NSC pellet, Calm Horse is a great match for horses needing a cool energy source. Calm Horse is a nutritionally balanced feed with added vitamins and organic minerals, ideal for horses and ponies in light to moderate work in any discipline.

With an estimated 95% of performance horses having gastric ulcers, supporting your horse's gastrointestinal health is our goal. This is why Calm Horse contains our scientifically formulated GastroPak.

GastroPak contains high-quality natural ingredients including a gastric buffer made from sustainably sourced plant-based marine minerals and Diamond V XPC postbiotics to support hindgut health. GastroPak helps your horse's gastrointestinal tract defend against issues like gastric ulcers and hindgut acidosis to keep your horse happy, healthy and performing at their best.

AVAILABLE IN:

Key Benefits

- Low NSC, grain-free, and low-fizz formulation.
- Optimised for horses in light to moderate work who need a cool energy source.
- Fully fortified complete feed with essential vitamins and minerals.
- Scientifically formulated GastroPak added for digestive support.

Feeding Guide (Kg/day)

Bodyweight (kg)	Maintenance	Light Exercise	Moderate Exercise
300	0.5-1.0kg	1.0-1.5kg	1.5-2.5kg
400	1.0-2.0kg	1.5-2.0kg	2.0-3.0kg
500	1.5-2.0kg	2.0-3.0kg	3.0-4.0kg
600	2.0-2.5kg	2.5-3.5kg	3.5-5.0kg

Our suggested feeding rates are a **guide only**. Please consult us for individual feeding recommendations.

- Your horse should receive a minimum of 1% of their body weight in quality forage such as hay, pasture and/or chaff.
- Make changes in your horse's diet gradually over at least a two week period.
- Be sure to always have fresh and clean water available to your horse.
