AVAILABLE IN:

DairyPro range consists of our high-quality concentrate pellets that are nutritionally balanced to meet the needs of high performing dairy cows.

Our rations are formulated using up-to-date scientific evidence to ensure the best nutrition for your cows to optimise milk solids production and promote health and well-being.

Our DairyPro range contains added rumen buffer to help prevent rumen acidosis.

Harwood Grains' Dairy Range is flexible with your individual on farm requirements and open to adapting our formulations to meet your farms production goals.

Please contact us for information on our custom formulation options.

Name	Crude Protein (min)	Metabolizable Energy (min)
DairyPro Green	12%	11.5 MJ
