Bulk

Designed to maintain body condition when pasture quality or availability is limiting.

Moderate energy density and digestible carbohydrates support safe supplementation without excessive grain load.

Ideal to support sheep and cattle grazing mature or poor quality pastures or hay.

Includes a rumen buffer, to help reduce acidosis risk, and a complete profile of vitamins and minerals.

Key Benefits

- Maintains condition in adult sheep & cattle with poor pasture availability.
- Moderate energy for safe supplementation.
- Complete vitamin & mineral fortification.
- Buffered to assist rumen function.
- Suitable for both sheep and cattle.
- Urea, antibiotic, and medication free.

Typical Nutritional Analysis *(per kg fed)*

NUTRIENT LEVELS	
Metabolisable Energy (ME)	11.5MJ
Crude Protein (min)	12%
Crude Fat (max)	6%
Crude Fibre (max)	12%
Starch (typical)	25%
NDF (typical)	30%
Urea	NIL
Salt (max)	5%
Calcium (min)	1%
Phosphorus (min)	0.20%
Magnesium (min)	0.30%

Feeding Directions

- Introduce Sheep and Cattle Maintenance at 250g per 50kg liveweight on day one. Increase by 100g every three days to a maximum of 1kg per 50kg liveweight per day.
- Sheep and Cattle Maintenance is suitable for feeding in conjunction with unlimited hay, pasture and other forage.
- Offer free-choice access to fresh and clean water at all times.
- Regularly clean feeders to reduce risk of spoilage.
- Place feed and water sources away from each other to keep water clean.

Ingredients selected from:

Cereals (and co-products), Legumes (and co-products), Vegetable Protein Meals, Calcium Carbonate, Salt, Molasses, Magnesium Oxide, Monocalcium Phosphate, Rumen Buffer, Ammonium Chloride (urinary acidifier), and Harwood Grains Vitamin and Mineral Premix.
