Pig Grower is a high-quality pelleted feed, suitable for pigs from 10 weeks of age onwards. Formulated for strong healthy growth to produce fast growing, lean pigs with optimised feed conversion rates.

Pig Grower is a high energy, high protein feed to promote healthy growth, feed conversion and high lean meat yield. It is suitable to meet the needs of small-scale producers, home rearing for meat production or companion animals.

Feeding Instructions

- Allow unlimited, free-access to Pig Grower pellets.
- Pig Grower is to be fed from 10 weeks of age (approximately 30kg live weight)
- Feed intake rates may vary depending on housing, group integrations, ambient temperature and other factors.
- Ensure pigs have access to cool and clean water at all times.

This feed has been formulated specifically for pigs and should not be used for other species of animals. For individual feeding directions, please reach out to us.

Typical Nutritional Analysis *(as fed)*

NUTRIENT LEVELS	
Digestible Energy	13.5MJ
Crude Protein (min)	16%
Crude Fat (min)	2%
Crude Fibre (max)	6%
Available Lysine (min)	1%
Added Salt (max)	0.3%

Ingredients selected from:

Wheat, Barley, Lupins, Pollard, Canola Meal, Soybean Meal, Canola Oil, Salt, Limestone, Mono-Dicalcium Phosphate, Lysine, and Vitamin and Mineral Premix.
