Cartaffini

ITALIAN MELAMINE TABLEWARE

Cartaffini: Praticità e Stile che dura nel tempo

Dal 1955 Cartaffini è leader nella produzione di stoviglie in melamina di alta qualità.

Fin dalla sua fondazione, a Verona, l'azienda ha creduto in una produzione esclusivamente Italiana che nell'attuale stabilimento di Fossano (CN), impiega materie prime nazionali rigorosamente selezionate e controllate.

Piatti di Lunga vita è l'appellativo che descrive al meglio la straordinaria durevolezza delle stoviglie Cartaffini.

La resistenza agli urti e ai cicli di lavaggio, la superficie brillante come porcellana e l'assoluta stabilità di colori e decori rendono le stoviglie Cartaffini particolarmente adatte all'utilizzo in molti settori: la nautica, l'infanzia, la ristorazione collettiva (scolastica, ospedaliera, aziendale, ecc.), la casa, le comunità e il tempo libero.

Per una tavola giovane, dinamica e raffinata, adatta ad ogni occasione, Cartaffini disegna e sviluppa originali collezioni e linee decorate.

UN SERVIZIO PERSONALIZZATO E FLESSIBILE

L'azienda assicura un servizio rapido, puntuale, flessibile ed affidabile che va dalla progettazione creativa alla distribuzione, avendo massima cura della soddisfazione del cliente. In tale prospettiva vengono eseguiti su richiesta lo sviluppo e la realizzazione di progetti personalizzati. L'idoneità e affidabilità dei prodotti è garantita dalla conformità alle normative vigenti comunitarie e italiane.

Cartaffini: convenience and style that lasts over time

Since 1955, Cartaffini is leader as manufacturer of high quality melamine dinnerware.

Since its foundation, in Verona, the company has believed in an exclusively Italian production: today, in Fossano (CN), it exclusively uses selected and controlled domestic raw materials.

Long Life Dishes is the name that best describes the extraordinary durability of Cartaffini dinnerware.

The resistance to shocks and washing cycles, the bright surface as porcelain and the absolute stability of colors and designs make Cartaffini tableware particularly suitable for any use in many fields: boating, childhood, collective foodservice (schools, hospitals, companies, etc.), home, communities and leisure.

For a young, dynamic and elegant table, suitable for any occasion, Cartaffini designs and develops original collections and decorated lines.

A CUSTOMIZED AND FLEXIBLE SERVICE

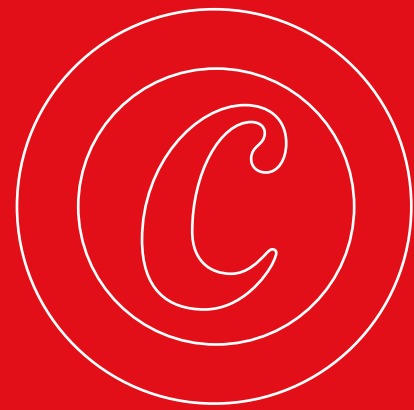

The company ensures a quick, accurate, flexible and reliable service, from creative planning to distribution, taking care of customer satisfaction.

In such a perspective, development and realization of customized projects are run on demand. The suitability and reliability of products is guaranteed by compliance with Community and Italian regulations and standards in force.

PASSIONE PER L'AMBIENTE

PASSION FOR NATURE

Cartaffini dal 1955 opera con responsabilità nei confronti dei propri clienti e dell'ambiente attraverso una costante ricerca sulla qualità dei materiali e sulla sostenibilità ambientale.

L'azienda agisce nel campo della ristorazione promuovendo l'utilizzo di stoviglie riutilizzabili che consentono un'importante riduzione dei rifiuti rappresentando un'alternativa eco-sostenibile alle stoviglie usa e getta.

Ulteriore valore è portato dall'utilizzo di materie prime italiane di elevata qualità che garantiscono lunga vita ai nostri prodotti.

La qualità è anche sinonimo di sicurezza e di affidabilità: il rigoroso rispetto per le normative vigenti è un punto fermo della nostra produzione.

Since 1955, Cartaffini operates responsibly towards its customers and the environment carrying out a constant search of high quality materials and environmental sustainability.

The company acts in foodservice industry promoting the use of reusable and eco-sustainable dinnerware that allows an important waste reduction represented by disposable products.

The exclusive use of Italian high quality raw materials ensure even more eco-value and an extraordinary long-lasting quality.

Quality is also synonymous with safety and reliability: strict compliance to the regulations in force is a cornerstone of our production.

La Cartaffini srl ha adottato un sistema di gestione per la qualità conforme alla norma:
Cartaffini srl has adopted a management system for quality according to the standard:

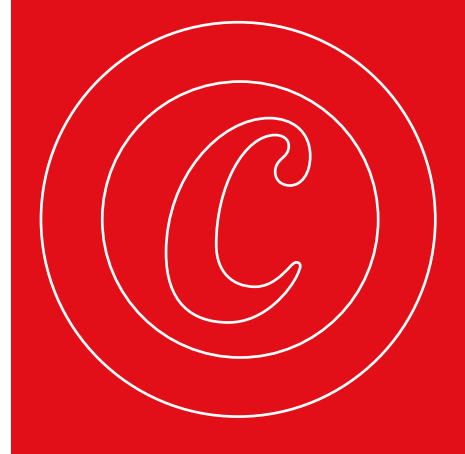

UNI EN ISO 9001:2015

INFORMAZIONI AL CONSUMATORE

CONSIGLI PER L'USO

Per un corretto uso delle stoviglie vi preghiamo di tenere conto delle seguenti raccomandazioni:

- Eseguire un lavaggio preliminare prima dell'uso.
- Non usare le stoviglie in forni microonde o convenzionali.
- Le stoviglie possono ricevere cibi ad alta temperatura e bevande alcoliche.
- Le stoviglie sopportano tutti i tipi di lavaggio a macchina e a mano, con tutti i tipi di detersivo di uso corrente.
- Non utilizzare spugne abrasive o pagliette per non usurare anticipatamente i prodotti.
- Per le tazze, bicchieri o mug macchiati da residui di caffè, tè, bibite, vino o per piatti opachi o alonati: effettuare un ammollo prolungato in acqua calda con l'aggiunta di perborato di sodio (1 cucchiaino ogni litro d'acqua), risciacquare in acqua tiepida.

CARATTERISTICHE PRODOTTO

- La melamina è una resina amminica poli-condensata rinforzata al 30% con cellulosa che conferisce agli oggetti una consistenza e una resistenza meccanica tra le più elevate.
- I prodotti in melamina sono robusti, leggeri e resistenti agli urti.
- Tutti i prodotti Cartaffini vengono fabbricati seguendo procedimenti di lavorazione esclusivi che garantiscono un prodotto finale eccellente.
- I fornitori di materie prime (resina e vetrificante) sono autorevoli produttori italiani che forniscono materiale di altissima qualità con certificati e dichiarazioni.
- Le carte utilizzate nella produzione di oggetti decorati sono stampate e processate interamente in Italia.
- Le stoviglie Cartaffini si possono definire Made in Italy al 100%.
- Si invita il consumatore a valutare la qualità del prodotto in melamina leggendo sul retro del piatto le informazioni su prodotto e produttore.
- La consistenza e il peso specifico sono altri importanti elementi di valutazione per una corretta scelta tra le varie offerte di mercato.

SICUREZZA DEL PRODOTTO

- Cartaffini esegue periodicamente dei test di laboratorio sui suoi prodotti (prove di migrazione) per verificare il rilascio di sostanze con i vari simulanti per l'idoneità al contatto ripetuto con tutti i tipi di alimento.
- I risultati ottenuti confermano l'idoneità e l'affidabilità dei prodotti al contatto alimentare secondo le attuali normative comunitarie e italiane:
Regolamento 1935/2004/CE "MOCA".
Regolamento 10/2011/UE e successivi aggiornamenti.
Regolamento 2023/2006/CE.
Decreto Ministeriale 21/03/1973 e successivi aggiornamenti e modifiche.
DPR 777 del 23 agosto 1982 e successivi aggiornamenti e modifiche.

NOTE SUL PRODOTTO

- **La melamina non contiene:** bisfenolo A, bisfenolo F, bisfenolo S, ftalati, piombo, zinco, titanio.
- **Melamina colorata:** evidenziamo che la pigmentazione avviene sulla materia prima, quindi il colore è uniforme su tutto il composto. Cartaffini fa eseguire specifiche prove di laboratorio per escludere la migrazione di coloranti.
- **Melamina decorata:** la decorazione delle nostre stoviglie avviene in fase di produzione inserendo le decorazioni direttamente sul manufatto caldo. Le decorazioni subiscono un particolare trattamento che le rende un corpo unico con il pezzo stampato e vengono ricoperte da uno strato di vetrificante trasparente che dà un'ulteriore brillantezza ai piatti.

CONSUMER INFORMATION

RECOMMENDATIONS FOR USE

For a correct use of dinnerware please take into account the following recommendations:

- Carry out a preliminary wash before use.
- Do not use the dinnerware in microwaves or conventional ovens.
- The dinnerware can receive high-temperature food and alcoholic beverages.
- The dinnerware tolerate all types of washes, by washing machine and by hand, with all types of detergents commonly used.
- Do not use abrasive sponges or scourer to not early wear the products out.
- About cups, glasses or mugs stained by coffee, tea, drink and wine leftovers, or opaque dishes with rims: please leave them to soak in hot water with the addition of sodium perborate (1 tablespoon for each liter of water), wash out with lukewarm water.

PRODUCT FEATURES

- Melamine is an amino poly-condensed resin reinforced to 30% with cellulose that gives the objects a consistency and a mechanical strength among the highest.
- The melamine products are functional, robust, lightweight and very shock resistant.
- All Cartaffini products are manufactured by following exclusive working proceedings which guarantee an excellent final product.
- The suppliers of raw materials (resin and glazer) are authoritative Italian producers that provide the highest quality material with certificates and declarations.
- The paper used in the production of decorated objects are entirely printed and processed in Italy.
- Cartaffini dinnerware can be defined 100% Made in Italy.
- The consumer is invited to assess the quality of the melamine product by reading on the dish back some information about product and manufacturer.
- The composition and the specific weight are other important elements of evaluation for a proper choice among the various market offerings.

PRODUCT SAFETY

- Cartaffini periodically performs laboratory tests on products (migration test) to verify the release of substances with the various simulants for suitability at the repeated contact with all kinds of food.
- The results confirm the suitability and reliability of products at food contact according to the current EU and Italian legislation:
Regulation 1935/2004 / EC "MOCA".
Regulation 10/2011 / EU and subsequent updates.
Regulation 2023/2006 / EC.
Ministerial Decree 21/03/1973 and subsequent updates and modifications.
Presidential Decree 777 of 23 August 1982, and subsequent updates and changes.

NOTES ON THE PRODUCT

- **Melamine does not contain:** bisphenol A, bisphenol F, bisphenol S, phthalates, lead, zinc, titanium.
- **Colored melamine:** the pigmentation is made on the raw material, so the color is uniform throughout the compound. Specific laboratory tests are performed to exclude the migration of colorants.
- **Decorated dinnerware:** the decoration is made during the production phase by inserting the decorations directly on the hot product. The decorations withstand a special treatment that makes them a single body with the molded piece and are covered with a coat of transparent glazer that gives dishes a further brightness.
