

AVAILABLE RESOURCES

The society of St. Vincent de Paul (SVdP) originated in France in 1833 and has since spread throughout the world through the ministry of the Catholic Church and **volunteer-based conferences**. The United States has over 4,000 parish-based conferences with nearly 100,000 Vincentian volunteers. Each parish conference serves an area based on their respective zip codes. Our ability to help our neighbors is limited to available funds and volunteers. The majority funding comes from monthly collections taken up during each mass.

St. Lawrence SVdP cannot assist all who call, based on limited resources which vary from month to month.

This process begins by calling into the SVdP help line and providing basic information. Callers may be assigned a case worker who will do their best to determine the immediate needs of each person, and whether assistance can be provided. This is typically handled during an in-home visit. Home visits are preferred but, on occasion, cases are handled by telephone.

Help is provided regardless of income, race, creed or religion. However, if you find yourself in need of a church home please visit our family here at St. Lawrence. More information about St. Lawrence Catholic church can be found at www.saintlaw.org or by calling 770-963-8992.

Below you will find a list of potential resources that were available when this document was last updated.
