

Student Supply List

2026-2027

REMEMBER: label all personal items/school supplies

*Preferred to be new

**Optional

At John Ireland Catholic School, we believe that caring for what we have is an important part of being **good stewards of God's gifts**.

School supplies do not need to be brand new. Before purchasing anything, we encourage families to look at what they already have at home. Pencils, crayons, colored pencils, markers, scissors, rulers, folders, pencil pouches, backpacks, and other supplies may be reused from previous years as long as they are still in good working condition. A well-loved box of crayons or a pencil pouch that has been used before is completely welcome in our classrooms.

We want our students to learn that stewardship means being grateful for what we have, caring for our resources, avoiding unnecessary waste, and sharing generously with others.

Use what you have. Care for what you use. Share what you can. Purchase only what you need.
