THOENEN NOTES:

The team and I are thrilled to see the course coming alive after a productive winter of prep! Spring growth is underway, and we are currently finalizing our fertilization & mowing schedules - with a focus on bringing the greens to peak speed & strengthening fairway turf. While we aim for perfect conditions, spring can be unpredictable. You may see necessary verti-cutting, aerification, or top-dressing to ensure the turf stays healthy throughout the summer.

A few quick reminders for the new season:

- Please fill ALL divots on fairways & tee boxes
- Repair your ball marks - and One Extra - on the greens
- Keep carts out of the rough to protect emerging turf - Dave Thoenen
