

SICKLE CELL WARRIORS NEED YOUR HELP!

DID YOU KNOW:

Most sickle cell patients need blood at some time, some more often than others, even as often as every three weeks

Most blood banks rely on local donors, but the American Red Cross can get blood to sickle cell patients anywhere in the country. **To donate, go to [The American Red Cross website](#), or call 1-800-733-2767**

BECOME A MEMBER OF TEAM AMBER AND HELP SPREAD THE WORD!

Here's how:

Display or distribute Team Amber brochures and flyers in a place where you know the audience and can start conversations. Email us for **FREE PRINTABLE FLYERS AND BROCHURES**, or ask for hard copies)

Share the Team Amber: Life is in the Blood! story with everyone you know

Organize and educate – Blood drives, care ministries, and advocacy near you

Give blood and give life. The Red Cross supplies blood to sickle cell patients nationwide

Team Amber representatives are always available to promote sickle cell support and advocacy by speaking to your groups or through educational workshops
