SPECIAL SERVICES

PRINTING

Our photo quality prints are perfect for artists, photographers, or tradeshows. Media options include glossy, pearl, or watercolor paper and stretchable canvas. We can print up to 44' wide on our archival Epson printer or 60' wide on our Colorspan printer.

QUALITY

Whether your reproducing artwork or restoring old family photos, we will make a professional scan to give us the best raw material to work with. Each print is careful proofed to insure that you get the highest quality print that will last a lifetime.

RESTORATION

Here's at Gene's Camera Store we're passionate about old photographs. We realize that the images we repair are tied to cherished memories and, often, to loved ones passed on. Our skilled digital artists will faithfully restore your photo with the utmost care to every detail.

DIGITAL UPLOAD

Large digital images can be uploaded electronically using our FTP site. Please include details regarding the quantity and size of print you'd like produced and contact information. Images should be saved at size as jpegs and be 150 dpi or greater.

FTP Address: <http://store.genescameracom:8000>
Username: [digital](#) Password: [printme](#)

Smaller files (less than 10mb) may be e-mailed to digital@genescamera.com.
