14	10:40 PM	6:25 PM	8:55 PM
15	11:00 PM	6:45 PM	9:15 PM

Salix (Furosemide)

Salix administration will begin 4 hours 15 minutes prior to scheduled post time. Trainers or their designees must accompany their horses at the Salix Report Time. Salix must be administered when the veterinarian comes to your horse. **Horses will not be skipped over to gain a later administration time.** Failure to do so will result in a fine and/or scratch. Salix for qualifiers will be given at the south end of the paddock. All salix must be paid for at the time of administration (no exceptions). Salix must be administered at least 4 hours prior to scheduled post time.

PADDOCK

The reporting time to the paddock is 4 hours 15 minutes prior to the scheduled post time. Horses must be in their designated stall by the deadline. Horses arriving late are subject to being scratched and the trainer and/or responsible party may be fined and/or suspended. Commission rules require a licensed caretaker to remain with the horse until it is cleared.

This will apply to ALL horses, both lasix and non lasix.
