| Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you pay for it, such as direct cremation or immediate burial. Utah law requires refrigeration, burial or cremation within 24 hours if embalming is not performed. If human remains are being transported by a common carrier, it must be embalmed.
